

Poll Books Will Be Checked For Minors

School District Next May Ask County Probe Of Voting In Precinct

Granite City school board members decided unanimously Monday night to have school administrators investigate poll books from the Washington grade school precinct to determine whether ineligible voters participated in the April 14 board election.

Purpose will be to develop evidence in order to obtain a fuller investigation by the state's attorney's office. Described as a "first step" to curb any voting irregularities, the school staff's findings are to be submitted to the board at its next meeting May 8 for a decision on further action.

A comparison of the 140 Precinct Three voters' names and addresses with school district birthdate records was made as a means of learning the total number of ballots cast by underage voters in the precinct.

An alternate proposal was that only two or three unequalled voters be determined by the school district, in the belief that a small number would be sufficient to prompt the state's attorney to enter the case. It was decided whether a token report or a full listing of the eligible voters will be prepared.

Estimates Vary

Estimates received by school officials have ranged as high as 20 or 30 minors. Voting by at least six minors has been verified by the Press-Record. It was reported in a news article Monday.

The motion for a study was made by Daniel Linder, who received the most votes in the precinct. He and other board members stressed the need to take action so that election law violations are not repeated in future years.

No one questioned that minors had voted, but Supt. Harold M. Kaiser stressed that he also considers it shocking that so few eligible voters went to the polls. Board Member Horace Hader, who seconded the motion, asserted that the board has a moral responsibility to act against improper school voting procedures.

Ruling On Canvass

A resolution canvassing the tally sheets and declaring Linder, President Robert Spengler and Ralph Buske elected was approved unanimously. School Attorney Maurice Dailey ruled that it neither sanctions improper voting nor does it further action.

With the new members seated, the board approved payment of election judges. A \$600 bill was paid, with the balance to be paid at a later date. The board also approved payment of election judges.

The unanimous vote to pay the judges followed a report that all had received their checks on the election night in accordance with past procedures of the school system. The motion to pay them was made by George Stidham, with the second by Linder.

The canvass showed no changes from the unofficial totals for each candidate—Spengler 2428, Buske 1909, Hader 1909, and Linder 1909.

BIRTHS

Births recorded at St. Elizabeth Hospital:

GIRLS

Mr. and Mrs. Audell Breckner, 533 English Lane, April 23, Cynthia Christine, six pounds, 12 ounces.
Mr. and Mrs. Charles Vork, 2966 Iowa street, April 25, Daniel Marie, six pounds, four ounces.
Mr. and Mrs. William Higgins, 1920 Johnson, April 25, Judith Ellen, eight pounds, six ounces.

BOYS

Mr. and Mrs. Harry Jones, 3009 Kirkpatrick Homes, April 25, Timothy, eight pounds.
Mr. and Mrs. Howard, 2212 Terminal avenue, April 25, Mark Anthony, seven pounds, eight ounces.
Mr. and Mrs. Donald Knowland, 2400 Grand avenue, Kevin Lee, seven pounds, eight ounces.

Crash Fatal To Mother; Son Injured Seriously

Four Others Hurt In Accidents During Week In Quad-Cities Area

(Related Picture on Page 31)

Traffic accidents took a heavy toll in the Quad-Cities this week, including the second fatality within three days. A Granite City mother died in a crash Monday, while her son suffered serious injuries.

Four others, including a five-year-old girl, were injured in other accidents, one a four-car collision on Madison avenue.

Mrs. Mabel Thomas, 41, of 1527 Dodge avenue, was killed at 4 p.m. Monday when the car she was driving collided head-on with a truck on Route 111 three miles north of By-Pass U. S. 66. Her son, Raymond, 13, was injured seriously.

Driver of the truck, Paul G. Keller of Wood River, said he was going north when he saw Mrs. Thomas' car coming toward him in the northbound lane of traffic, passing another vehicle. She attempted to pull back into the other lane, he said, but apparently lost control of her machine and could not avoid the crash.

Mrs. Thomas was dead on arrival at St. Elizabeth Hospital, where her son was admitted with a broken leg.

TRAFFIC DEATH TOLL IN AREA

This Year — — — — 8
Same Period 1961 — — — — 10

A possible skull fracture, a laceration to the forehead, and abrasions to the arms, legs, face and head. His condition was listed as poor. Keller, 38, was not injured.

Mrs. Thomas' husband, Hervey, a foreman in the blast furnace department at Granite City Steel Co., said his wife had been driving home from work when the crash occurred.

Raymond, a seventh grade student at Coolidge junior high school, was not out of the hospital when the crash occurred.

Spengler Again Heads GC Board; Stidham Secretary

(Picture on Page 30)

In accepting the sole nomination for presidency of the Granite City board of education Tuesday night, Robert N. Spengler indicated to board members that his second one-year term as president will be the last.

Spengler was re-elected unanimously and George J. Stidham, Granite City's second mayor, was elected secretary.

JAMES ALCOTT

Once Had 54 Members

5 Spanish American War Veterans Maintain Camp

During the past 64 years the number of living Spanish American War veterans has declined from 392,000 to 28,000, according to the Veterans Administration. Granite City, Camp 121 United Spanish American War Veterans, which was chartered 25 years ago and once had 54 members, now has only seven members. Of these, two are in other states.

George Chappee, 86, of 2412 Madison avenue, a retired grocer, is the camp commander. His unit now meets only once every three months. The meetings are held at the Granite City VFW post on Washington avenue at 21st street.

The adjutant is W. F. Coolidge, 83, of 2325 Delmar avenue. He is a retired school superintendent. Coolidge junior high school was named for him. He is past commander of his camp and was state commander of the Spanish American War veterans in 1938.

John W. Madosh, 84, of 129 Big Four place, Mitchell, is quartermaster of the camp. He also is a past commander of the unit. Before his retirement he was a pipefitter employed by Shell Oil Co.

James Alcott, 83, is chairman of the board of directors of the First National Bank in Madison. He is a resident of Madison.

presently is on an extended vacation in Arizona.

Ray Beeler, 83, of 2381 Spalding avenue, is retired from the lumber business in which he was engaged for 51 years.

George Barnes, a former resident of Venice, is still a member of the local camp although he has been hospitalized at Jefferson Barracks, Mo., for many years.

The seventh member, George Houston, also is still carried on the rolls. He formerly lived in Jerseyville, but has long been a resident of Mountain Home, Ark.

The Spanish American War veterans all are members of the VFW post and Coolidge served as the post commander at one time.

There are approximately 1000 Spanish American War veterans in Illinois. The veterans are most heavily concentrated in California where there are 4000 and in Florida, New York, Ohio and Pennsylvania, each of which has about 2000 according to VA figures.

Of the estimated 28,000 survivors there are slightly more than 26,000 on VA's compensation or pension rolls. Family survivors of about 70,000 deceased Spanish American War veterans also are receiving death gratification or pension under law.

The average age of the surviving veterans is 84 years.

MORE ABOUT

Mrs. Habekost Dies

(Continued from Page 1)

told her she was not here, and she asked if I would have her return the call. I left a note for my wife, then noticed the bathroom light was burning and discovered her lying on the bathroom floor.

He said she apparently had collapsed shortly after he left that morning as she still was clad in her pajamas and a robe. Mrs. Habekost was taken to the emergency room at St. Elizabeth Hospital and then transferred to St. John's.

Born at Edwardsville, she moved to Granite City as a young woman. She was president of the Kameki Republican Women's Club, and was a member of the Daughters of Isabella, belonged to St. Elizabeth Catholic Church, where she was a member of the Altar Society and a Girl Scout troop leader.

Surviving in addition to her husband, are five sisters, Mrs. Bernard (Kathleen) Johnson, East St. Louis; Mrs. W. E. (Brose) Leach, St. Louis; Mrs. Peter (Dorothy) Johnson, East St. Louis; Mrs. Robert (Patricia) Duttman, Edwardsville; and Mrs. Jesse (Patricia) Seaven of O'Fallon.

Funeral arrangements are given in the obituary column.

Asphalt Paving Work Starts On 20th St.

Application of the asphalt surface on East 20th street was started yesterday and is expected to be completed within two weeks, weather permitting, according to a spokesman for A. H. Stroh Co., contractor.

The two layers of asphalt are being installed by subcontractor, MacIair Asphalt Co. of East St. Louis. It is planned to start the paving work with a medium layer. It is being carried out under a major fuel tax cut with the state providing 50% of the funds.

The work is under way on the section of 20th street between Madison avenue and Edwardsville road that was widened to four traffic lanes with a median last year. It is being carried out under a major fuel tax cut with the state providing 50% of the funds.

After a second by Stidham. The slips showed four votes for Stidham and three for Fricker; and Stidham was declared elected.

The board decided to continue meeting at 7:30 a.m. each second and fourth Tuesday at the board office.

The fellow who is over-anxious is more apt to reach the goal than the one who is over-confident.

Granite City PRESS-RECORD

Thurs., April 26, 1962 Page 3

Bi-State Approval Expected Today On Transit Report

Approval of a New York firm's report that a unified mass transit system for the entire metropolitan area is financially feasible is expected when the Bi-State Development Agency board meets in St. Louis this afternoon.

Col. R. E. Smyser Jr., Bi-State executive director, said yesterday action on the report will be on the agenda for today's session. The report was made by R. Gilman Smith of W. C. Gilman & Co., transit consulting firm.

Smith said the complete study of 15 existing transportation companies indicates sufficient income would be derived from a unified operation to support a \$25,000,000 revenue bond issue used to finance their purchase. Included are bus firms operating in Madison and St. Clair counties, St. Louis and St. Louis county.

According to the Gilman company survey, operation of the transit companies during the past three years by Bi-State would have brought in an average income of \$2,000,000 a year before taxes.

Bi-State Savings Unified operation would result in some savings, Smith said. In addition, Bi-State would recognize considerable savings as a governmental agency exempt from federal income taxes, property taxes and excise taxes on supplies.

Smith declined to give estimates on the value of transit company properties Bi-State hopes to buy. "Negotiations will give some consideration to their individual earnings records and the like," he said.

He described the cooperation extended by the 15 companies during the study as excellent. "Some of the smaller operators are hoping Bi-State will take over before their equipment wears out and they have to replace it," he said.

Col. Smyser said the complete Gilman report has been submitted to Bi-State's financial advisors for study and recommendation.

Need Study Time "They deserve sufficient time to study this thoroughly," he said, before making a report to the board on the possibilities of selling revenue bonds to finance the transit plan.

Col. Smyser said two major steps remain before completion of the unification project: first, acquisition of the 15 existing companies at a cost in line with the figures supplied by the Gilman firm, and second, the sale of revenue bonds.

"We have never discussed with any company any of the details," Col. Smyser said. "It is going to be quite a while before this thing can be completed."

Smith has indicated earlier that Bi-State could be operating the unified system this year "if everything goes alright." He said the time required depends primarily on how long it takes to negotiate purchase of the existing transit lines.

Mrs. Goldie Muttach, Former Teacher, Dies

Mrs. Goldie Muttach, 58, of 50 Janday lane died at St. Luke's Hospital, St. Louis, at 3 a.m. yesterday after being stricken by an apparent heart attack at home a short time earlier. She had been at the hospital four hours.

Mrs. Muttach was a former teacher in the Granite City schools, having taught at the old Liberty school and at McKinley school.

Her husband, Harold A. (Bud) Muttach, is works manager for the Granite City Steel Co.

Mrs. Muttach was born at Joliet, but had been a Granite City resident most of her life. She attended St. Peter Evangelical and Reformed Church.

Surviving in addition to her husband, are a daughter, Mrs. Rosemary Meyer, wife of Granite City's Sewer Ward Alderman Charles Meyer; a brother, John Steinberg, Granite City; and her mother, Mrs. Rose Steinberg, also of Granite City.

Funeral arrangements are given in the obituary column.

Rotary Delegate Named

Earl Jones of Collinsville, only nominee for the next district Rotary governor position, was named by Madison Rotary as yesterday as their delegate to the Rotary International convention at Los Angeles in June.

President Fred Schmidt presided during a brief business session.

MORE ABOUT Garbage Contract

(Continued from Page 1)

talked to one firm, "but they turned cold after looking over the city, so now I'd like permission to talk to others."

He added that there had never been any meetings on the proposal, and it had not even been discussed at the chairman's meetings. "I did talk to Alderman Noman," the mayor added. "Alderman Arthur Wierzer pointed out the idea had been discussed months ago, but he did not see how a private contractor could do the job and provide the service rendered by the city. 'We have good service, I get one complaint a year. If the city's men are hired by the contractor at the same wages, and he has the same operational and maintenance costs, something has got to give or slip, and that can only be the service.'"

Several other aldermen pointed to the "complaints" service by the city department. Alderman Whittier said he would be saving money, but thought it could be done through layoffs in winter months when the street and sanitation departments' work was down, as was recommended last fall but turned down by the council. Whittier added he was aware of the size of the police and fire departments could not be cut.

A suggestion was made by Alderman Donald Partney that the city buy garbage disposal units in wholesale lots and sell them to individuals to eliminate all garbage collection.

Alderman Paul Rutledge asked the mayor why he had brought the matter up on the council floor since he had already been in contact with at least one private firm.

Davis replied he was seeking permission because of the resentment by a number of the aldermen. There was no roll call vote.

Kincaid's Ankle Improving

Elmer "Bud" Kincaid, personnel director at Union Station & Refining Co., is off crutches but is still limping because of two bone chips in his left ankle. Kincaid, who was injured on steps at his home, said he will be several weeks before he will learn if he will have to undergo surgery for removal of the chips.

SHINER'S PARADE

Sat., May 5, 2:00 P.M. Downtown Granite City

MRS. AGNES JUDD, pioneer resident of the local area, died yesterday at St. Elizabeth Hospital.

Mrs. Agnes Judd, 86, Area Resident Dies

Mrs. Agnes Judd, 86, mother of local realtor Francis Judd, died about 12:30 p.m. yesterday at St. Elizabeth Hospital where she had been a patient five days. Death was attributed to complications from a fall in the basement of her home, 2148 Cleveland blvd., last Dec. 5, when she suffered a hip fracture.

Mrs. Judd, a native of East St. Louis, lived in the Quad-City area 63 years, residing in Venice 10 years before moving to Granite City 55 years ago. Her husband, John B. Judd, who died in 1942, was a druggist, personnel man at the American Steel Foundries plant and had been editor of the old Granite City Press.

She was married in 1907 and had been chief operator for the old Kinloch Telephone Co. She was on duty at the time of the 1903 flood.

Prior to entering the local hospital, Mrs. Judd had been a patient at the Madison County Nursing Home at Edwardsville. She was a member of St. Joseph's Catholic Church and Royal Neighbors of America, Frances Ross Camp 3354.

In addition to her son, she is survived by two grandchildren and several nephews and nieces. Funeral arrangements are given in today's obituary column.

Suffers Cut in Fall
Mrs. Tommie Rogers, 50, St. Louis, was treated at Barnes Hospital, St. Louis, Monday for a laceration on the right thigh suffered that day in a fall at the American Legion Post 799 hall, 1013 Douglas street, Venice police were notified by St. Louis police. She was about to rise from a chair when the chair slipped, causing her to fall to the tile floor. Broken glass on the floor inflicted the cut.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy

Keep freedom in your future with U.S. SAVINGS BONDS

Buy an EXTRA Bond during the Freedom Bond Drive

is an investment in freedom. While you're saving money for your own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely, And every bit as proudly.

Why not speak out for freedom when you buy a Bond at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with U.S. SAVINGS BONDS

Buy an EXTRA Bond during the Freedom Bond Drive

The U.S. Government does not pay for this advertising. The Treasury Department thanks the Advertising Council and this newspaper for their patriotic support.

DATE OF SHRINE PARADE here Saturday afternoon, May 5, is pointed out by (left to right) Potentate Lawrence E. Snyder of Ainal Temple, Granite City Mayor Leonard R. Davis and Alvin T. Barnes Jr., Associated Retailers executive director. An estimated 1000 costumed marching units will parade through the downtown business district.

Approval Near On Expanding Public River Terminal

The Bi-State Development Agency hopes to complete arrangements this spring to double the size of its public transportation terminal at the local Chain of Rocks canal harbor. Granite City Rotarians were told Tuesday.

The expansion could increase yearly traffic from the present 600,000 tons to a million tons, he estimated.

A cooperative agreement with the steel firm may be completed in two or three weeks, he said. The expansion could increase yearly traffic from the present 600,000 tons to a million tons, he estimated.

Established with a revenue bond issue in 1954, the terminal has provided the agency's only source of operating funds since initial state appropriations ended in 1951, Col. Smyser noted.

Defects in the initial legislation creating the agency have limited the agency's activities to an extent, because its bonds were not fully negotiable. However, the defects were covered through amendments enacted by both Missouri and Illinois in 1959 and approved by Congress, he pointed out, adding, "We now have the legal means to go ahead."

Grain Elevator, Transit System
The agency plans to sell revenue bonds this year for construction of a \$6,000,000 grain elevator having 4,200,000-bushel capacity at the harbor, the club was told. Operated by the Illi-

nols Grain Corp., the elevator's facilities will be available to the public.

A report to be received this week will mark the second step of four toward creation of a single mass transit system for the metropolitan area, Col. Smyser reported. Governmental agencies in this region already have provided \$100,000 to finance a feasibility survey, and appraised values of existing bus firms are to be submitted to Bi-State commissioners for study.

Final steps would be sale of revenue bonds and purchase of the transportation companies.

The speaker expressed hope that an agreement can be signed in the next two weeks with the National Park Service, enabling a passenger transportation system to be included when the Jefferson National Expansion Memorial arch is built on the St. Louis riverfront. The transit system inside the arch, taking sightseers to the top, would be operated by the Bi-State Agency.

Bridge, Airport Plans
An origin-destination survey is to be started May 1, leading to possible construction by the agency of a Mississippi River bridge between Harrisonville, Mo., and Crystal City, Mo., Col. Smyser said, and it is hoped to establish an executive-type airport in the Illinois Metropolitan Area.

"We have other projects we're studying, but at present each must be of the type that can be financed from its own revenue. In two or three years, the backlog of active, successful projects may be sufficient to enable a wider range of services to be considered."

"The agency is of no use unless it can be of service. We have not been able to participate actively as we would have liked to, but the projects that have been started have had the ad-

vantage for the public of not being tax-supported.

"We have all the powers of the Port of New York Authority followed by more areas. It provides a way certain facilities can transcend political boundaries and furnish services of a type and kind that do not lend themselves to being chopped up within a metropolitan area. Transportation is a good example of this."

Three Planning Studies
In addition to specific development projects, the agency has carried out three planning studies, Col. Smyser said.

The first provided a basic plan for the agency's area, which takes in St. Louis, three Illinois counties and three Missouri counties. A 1951 Illinois highway plan has led to many newly constructed routes, and a Bi-State survey provided the first documentation of river pollution in this area and led to creation of the St. Louis Metropolitan Sewer District, he related.

The agency's river terminal has been a factor in the success and growth of Granite City Steel Co., he commented, reporting that ore is brought here by water and finished steel is shipped away. He reviewed the wide range of planning, construction and operation powers granted the agency and said its boundaries include more than 3,000 square miles and well over 2,000,000 people.

Cooperate With Port District
During a question period, he said the agency and Tri-City Regional Port District have cooperated with each other and have no conflicting programs.

He was introduced by the program chairman, E. Townsend, Press-Record editor and publisher and a member of the nine-member Bi-State Development Agency board.

Townsend said Col. Smyser's wide experience qualifies him for his important duties related to development of the Quad-Cities and surrounding area, and noted that this community has been the chief beneficiary of the projects carried out so far.

\$1500 Scholarships By Club
The Rotary club voted to provide a \$400 scholarship for the Granite City Scholarship Foundation this year and another \$400 scholarship next year. In addition, it approved two \$250 speech scholarships to Northwestern University for two Granite City high school students this summer.

With President Edward Meng and a President-elect Gerald Broadway attending the 1962 district Rotary conference in Macon this week, Vice-President Dean Maberry presided.

A moment of silent prayer was observed for the late Harry Swan, a past president of the club.

Miss Ruena Kahle Found Dead; Relatives Here
Miss Ruena Kahle, sister of Henry Kahle and Mrs. Minnie Ameling of Granite City, was found dead in her St. Louis apartment at noon Monday, apparently the victim of a heart attack, she was 57.

Miss Kahle lived alone, and was believed to have been dead since Wednesday night of last week. Except for two years with her sister here some time ago, she had spent most of her life in St. Louis.

Other survivors include two brothers, two sisters and nieces and nephews. Services were held here yesterday, with interment in Sunset Hill Cemetery. An obituary notice appears elsewhere in this issue, so far.

WE GIVE AND REDEM EAGLE STAMPS

By Edward Collier

Deep in the heart of Texas is San Antonio with its immortal Alamo, old-world Spanish charm and missions. The exotically landscaped San Antonio River, the "Hill Country" of dude meandering through town, offers gondola rides. April's Fiesta de San Jacinto commemorates the battle for Texas' independence with parades, street bazaars, art shows, and a Battle of Flowers where pretty girls pelt spectators with blossoms.

Breckenridge Park offers a splendid landscaped zoo and White Museum's fascinating record of Texas' past. Other civic highlights include La Villita, the restored 1722 Spanish village, and the old Governor's Palace. But visitor priority always turns to the garden-surrounded Alamo, nestled in between tall buildings. This is Texas' shrine to the 187

who fought to the last man against 5,000 trained Mexican troops.

The Magic Circle auto tour leads out of the city to Bandera, the "Hill Country" of dude and working ranches. The vast herds of sheep and goats around Kerrville provide fine camera fare, while Fredericksburg has the interesting Pioneer Memorial Museum, and Easter Rabbit country, a century-old German custom.

Curving east, the route is through a vacation land where Angora goats are raised; the water sports mecca around Lake Buchanan; then south to Austin where the pink granite state capitol and the old Governor's Palace. But visitor priority always turns to the garden-surrounded Alamo, nestled in between tall buildings. This is Texas' shrine to the 187

MORE ABOUT Poll Books Will Be Checked

(Continued from Page 1)

der 1671, Lester E. Kraft 1423, Scott B. Craycraft 374, Thomas A. J. Kraft 234 and Clayton D. Creek 223. The 3426 total included 60 spoiled ballots. There were 10 write-in votes for eight individuals—one each for six and two each for two.

Poll books are on file at the board office and available to the administrative staff for study. Sealed bags containing ballots cannot be opened except by a court in the event of a suit challenging the election by a citizen or candidate, Daley explained.

Dr. Kaiser said he believes the investigation is of a legal nature and that the administrative staff is not the best group to handle it. Board members stressed that they did not expect staff members to contact very many, if any, of the 440 voters, but that it should be possible to check the ages.

Election Laws Reviewed

Huber opened the discussion by citing published reports of irregularities and added that he had received no information as a board member, although apparently some data was submitted to school authorities by citizens. Daley reviewed election laws and said a recount can be sought by any candidate receiving 25% of the total of a successful candidate. Those defeated in the district failed to receive 50%.

It was brought out that criminal penalties including prison terms are possible for persons convicted of committing perjury on their voting qualifications. The state's attorney was described as the official with responsibility for prosecution, and it was noted that his staff includes an investigator, M. Richard Allen, Granite City attorney.

Judges Experienced

Huber commented, "I think the citizens expect us to do something. The election judges are responsible to us, and I believe it becomes our responsibility." George Stidham agreed, noting that the board "set up the poll places and hired the judges." Dr. Kaiser noted that two of the three Washington school judges had been employed by the district in that capacity for several years.

The discussion brought out that one possible remedy might be to require more voters in the future to sign a sworn affidavit, which includes the statement that the voter is at least 21 years of age.

After the canvass took place and new board members were seated, the topic was revived by Huber and the discussion ended in the vote to study the poll books from Precinct Three. Fricker noted that other precincts also could have had un-

qualified voters, and Daley added that the practice conceivably could have started prior to this year.

Monroe Worthen said he agreed that action should be taken, and asked Daley to outline possible ways of proceeding.

Views Of Candidate

Noting that he has been mentioned as receiving extensive election support at the precinct, Linder said he wished to state for the board's record that he neither sought nor wanted ineligible votes and that he favors board action toward preventing such votes.

He suggested that the Press Record be asked to turn over what information it has compiled, but Huber said this would be an injustice to the newspaper after it had taken the lead in uncovering possible election law violations. Huber said the district has ample means of developing necessary evidence.

In making the motion that the district conduct a study, Linder said it is only a first step and that further action may be in order. He emphasized that serious moral and legal issues arise from improper voting.

Spengler asked for information on the potential penalties for the voters. Daley described possible charges ranging from misdemeanors to felonies but noted that criminal intent would have to be proved in order for anyone to be convicted.

Completes Training

Harold L. Lumpkins, son of Mrs. Janet Buzar of 2435 Illinois avenue, Granite City, completed recruit training recently at the Great Lakes Naval Training Center.

MORE ABOUT Crash Fatal To Mother

(Continued from Page 1)

Easter vacation and had accompanied his mother.

Keller said his truck, owned by the Federal Steel & Supply Co. of East Alton, was on a partially loaded. He was returning to the firm's East Alton yards from East St. Louis.

Mrs. Thomas was born at Eastfield, Ill., in White County, and was married to Mr. Thomas in 1941. She had been a Granite City resident since that time.

She was a member of the St. Rose of Lima Church, a Sunday School teacher. As a volunteer worker, she traveled once a week to the St. Joseph Hospital to work with patients there.

Survivors, in addition to her husband and son, include her mother, Mrs. Ada Beck of Hartford, Conn.; Charles M. White, Hartford, and a sister at South Roxana, Mrs. Glendora Dively.

Funeral services for Mrs. Thomas were conducted this afternoon at a Granite City funeral home, with interment in the Valhalla Cemetery at Alton.

Girl, 5, Hit By Car

Stephanie Clark, 5, daughter of Mr. and Mrs. David Clark, 309 McCambridge avenue, Madison, is in satisfactory condition today at St. Elizabeth Hospital after being knocked down by a northbound auto in front of her home at 2 p.m. Tuesday.

She suffered fracture of the left leg and abrasions to the head and was admitted to the hospital after being rushed there by ambulance. The leg will be in traction for an estimated four to six weeks. Her condition initially was listed as fair.

Larry Randall King, 23, of 2036 Ohio avenue said he slowed his W. Bunker 46, of 1314 Meridian street, was x-rayed at St. Elizabeth hospital and released. His wife, Ivy Bunker, 49, and Dorothy Green, 26, of 4525 Walter, who were riding with him, were shaken but did not require medical treatment at the hospital.

Truck Driver Injured

Robert Crum, 29, St. Louis truck driver, suffered bruises to the left arm at 10:45 a.m. today when the left front of his vehicle collided with the right front of the auto of Charles Clark, 806 Washington avenue, Madison. Both were headed north on McCambridge avenue and Clark was making a right turn onto an extension of Second street.

DOWNSTATE FISHERMAN

By PETE BROWN

(Compiled from area reports by the Southern Illinois University Information Service.)

Little Grassy Lake anglers continued to outperform those at other major area impoundments after another week of somewhat erratic spring fishing. While Devil's Kitchen appears to be a shoo-in for the top spot, Orchard's shoreline invasion hasn't yet started. Grassy is nearly perfect for a good bass run.

Best of the week was Eugene Laus' eight and one-half pounder, which he landed at a four o'clock session. The Summerfield fisherman took it and several small ones on a Sonic, Gene Vest went to his favorite Dalton Special to hook a seven pounder and a six and one-quarter pounder, and Robert Marzinski of Springfield took a six pounder on an eel.

On avenue and 15th street in St. Louis, a car driven by a man who was arrested for reckless driving. All four cars were damaged.

Police said Pulley drove out of a driveway and his car collided with another driven by William Harts, 54, of Belleville. Pulley's car then proceeded across the street and struck a car owned by Harold Blum, 50, of 26 Barnett drive, and Albert Kutzera, 37, of 2909 For-

ward drive. Kutzera's car was stopped. Blumenthal's was parked.

Hardi was treated at St. Elizabeth hospital for a laceration to the lower lip. After a chest x-ray he was transferred to a Jewish hospital. Pulley complained of a chest pain. He was x-rayed, treated and released.

Driver Faces Charge

Edward L. Abney, 28, of 2040 Fourth street, Madison, was arrested for reckless driving Wednesday night when he was involved in an accident at 20th street and Edwardsville road. Police said his car skidded approximately 45 feet and struck the rear of another car that had stopped at the intersection for a traffic light.

The second driver, Robert W. Bunker, 46, of 1314 Meridian street, was x-rayed at St. Elizabeth hospital and released. His wife, Ivy Bunker, 49, and Dorothy Green, 26, of 4525 Walter, who were riding with him, were shaken but did not require medical treatment at the hospital.

Truck Driver Injured

Robert Crum, 29, St. Louis truck driver, suffered bruises to the left arm at 10:45 a.m. today when the left front of his vehicle collided with the right front of the auto of Charles Clark, 806 Washington avenue, Madison. Both were headed north on McCambridge avenue and Clark was making a right turn onto an extension of Second street.

Granite City PRESS-RECORD

Thurs., April 26, 1962 Page 5

del cat in two excursions. No bullheads have been aroused as yet.

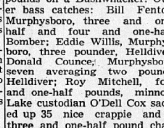

Crab Orchard, running behind its southerly sister-lake, as usual, is producing mostly blanks right now. Marion's Bill Dahmer, who knows the Big Lake as well as anyone, stirred up a two and one-half pounder fishing the shoreline, but that's the best he could do. A few bass have been hooked off weed-beds. Signs point to some real action along the shore with just a little more warming. When they start moving in, caution, silence and slow-action with that leadhead will be the rule.

Down at Horseshoe things are slow and spotty. Catches of crappie, stripers and rough fish have been uniformly lean. The lake is in perfect shape but flooding has disrupted fishing almost everywhere else in the confluence region.

Brian Henderson, a DuQuoin prep student, landed a six and three-quarter pounder fish from the Packing House Cut last week. DuQuoin Fairgrounds fishermen haven't really started clicking yet although small bass have been hitting spinners. A three pounder is the biggest reported this spring. Several one foot to 14-inch grass pickers have added some variety to the creels.

CIVIC AWARD DINNER AUDIENCE last night included this portion of a gathering of more than 300 persons. The table in the foreground was occupied by employee's of

Graham's Books Store, which is operated by Carl Graham, one of the two award recipients.

HONORING TWO CIVIC LEADERS, Carl Ranft and Carl Graham, local citizens filled the Granite City high school cafeteria to capacity last night. Tables in the foreground were reserved for the First Granite City National Bank,

of which Ranft is a director. Ranft is seated at the far left of the head table (against wall near window) in this view.

CIVIC ACHIEVEMENT AWARD ORIGINATOR, Avery Carp (left) receiving special recognition during last night's awards banquet with the presentation of a citation by A. Wm. Morris III (right), also a member of the award committee.

PRINCIPAL ADDRESS of the 13th annual civic achievement dinner of the Associated Retailers and Civic Association was presented by Arnold Macemoni, Chicago industrialist and trustee of Southern Illinois University. He is shown at the rostrum, which was extensively decorated for the occasion.

Engineer District Honors Contractors

Recognition of safety in construction was the theme of the annual safety banquet sponsored by the U. S. Army Engineer District, St. Louis, Wednesday night at the Granite City Engineer Depot. Col. Alfred J. D'Arezzo, district engineer, presented certificates of achievement to 29 contractors who have worked on Corps of Engineers projects with "desirable" safety records.

Col. D'Arezzo included some facets of safety on the river in view of the accidents that have occurred in recent weeks. He pointed out that while river accidents that have happened were serious, they were potential of creating critical situations that might have caused great loss of property and possible loss of life.

More than 100 contractors and corps representatives were present to witness the awarding of certificates.

Granite City PRESS-RECORD Page 6, Thurs., April 26, 1962

Among those present was Samuel A. Logan, chief of the safety branch for the Mississippi Valley division, representing Major Gen. Thomas A. Lane, division engineer.

J. J. Pollaro, chief of the safety branch said the St. Louis district's placement in the top strata of safe districts is because of its constant attention to safe operation and periodic recognition to those who are following the Golden Rule.

Two Granite City contractors were among those honored. They were Rite Electric Co. and G. H. Sternberg and Co.

In Australian slang, "fair cow" is an expression used for anything that does not meet with one's unqualified approval.

Only 5 per cent of the edible peanut crop in the United States is roasted.

financial assistance in making a good will tour into Mexico. "They want to make a good showing, because Congressman Melvin Price is going to be in the audience and they want him to carry the word back to Washington," Brown said, cautioning the musicians not to play things served out before Cong. Price arrived.

The full ensemble played the following selections: Today Las Noches A Las Once—Bolero Cha-Cha-Cha, Pachanga, Eñe—Pachanga, Danzón, Zaul—Danzón Cha-Cha-Cha; Aguanza—Corzon Cha Cha Cha; En Un Bole De Veia—Bolero-Cha. The small

ensemble played Siboney, rumba; Lloras, bolero, and Merengue. The group was well received, and there were calls for "more" when they finished the last selection. However, timing of the program did not permit encores. The program was scheduled to end at 9 p.m. and it was over at 8:59.

One special announcement brought down the house. Brown called out that a convertible coupe with both doors locked was on the parking lot with the motor running. No one among the 140 persons present acknowledged ownership; although minutes after the announcement was made, a man was seen to slip out of the high school cafeteria.

The invocation was given by Rev. William Wand of Sacred Heart parish who substituted for Rt. Rev. Msgr. Michael Costello, a member of the awards committee. Brown said it was the first time in 13 years that Msgr. Costello had missed the banquet.

The benediction was given by Rev. Dr. A. Ralph Lynn, former pastor of the First Presbyterian Church here and a former member of the awards committee.

Seated at the head table were the following: W. Carl Graham and Carl A. Ranft, the two award winners, and Mrs. Ranft; Mr. and Mrs. Wensel Brown, Mayor and Mrs. Leonard Davis, Mayor and Mrs. John E. Lee, Tri-City Regional Port District Manager and Mrs. John Barron, C. of C. President; Paul Lichtenberger, Congressman Melvin Price, guest speaker Arnold Macemoni, Mr. and Mrs. Gene H. Sternberg, Blackburn College Dean Dr. Arthur Dildien, Retailers President Maurice Rich, Mr. and Mrs. Avery Carr, Mr. and Mrs. A. Wm. Morris III, Rev. William Wand, Rev. Dr. and Mrs. A. Ralph Lynn and Mrs. Ruth Huxel, vice-chairman of the Civic Award committee.

Mayor Davis introduced Granite City council members and their wives who were special guests and seated at a special table.

Other special introductions by Master of Ceremonies Brown, were for the Ranfts' three daughters, Jennifer, Janet and Lorraine.

At the start of the program, Brown outlined the history of the awards program.

Members of the Civic Awards committee are — Wensel Brown, chairman; Mrs. Ruth Huxel, vice-chairman; Rt. Rev. Michael Costello, Lorain Goad, Avery Carp, C. E. Townsend, Rev. Robert Baumann, Randall Robertson, Robert Gibson, A. Wm. Morris III, Sidney L. Aubrey, Edwin G. Schmitt and Alvin T. Barnes Jr.

Eighty-seven per cent of U.S. crude oil production is from small oil fields that produce less than 25,000 barrels a day.

Females are the fighters in ant colonies. The males wait on the sidelines.

How to help keep your country a good place to spend your savings in

It takes more than money to enjoy your savings. If you don't think so, ask a refugee from a communist country.

One way you can help make sure you'll enjoy your savings is to save with U.S. Savings Bonds.

The money you put into Savings Bonds grows fast and comes back to you 33 1/3% bigger. But while it's growing for your future, it's helping Uncle Sam stand up for

freedom wherever men want to be free. Without freedom, the growth of your savings would seem pretty small. That new home, or the retirement you're saving for, would offer little comfort.

Start buying U.S. Savings Bonds to-

Can money alone give you a secure future? Millions of Americans are answering that question by buying U.S. Savings Bonds.

Keep freedom in your future with U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this newspaper for their patriotic support.

Mrs. Mary F. Golden Succumbs At Age 89

Mrs. Mary F. Golden, 89, of 2673 Washington avenue, died at 11 p.m. Tuesday at St. Elizabeth Hospital, where she had been a patient four days.

She came to Granite City 12 years ago from Kansas City, Mo., after the death of her husband, James, and made her home here with a daughter, Mrs. Frank (Elizabeth) Jones.

Mrs. Golden was a member of the Nideinghaus Memorial Methodist Church.

Surviving, in addition to the daughter here, are two other daughters, Mrs. Roma (Mary) Hattwell, Independence, Mo., and Mrs. Harry (Ethel) Pettit of Kansas City; four sons, Charles and Everett of Booneville, Mo.; Joseph of Kansas City; and Gilbert of Independence; two brothers, Jesse Spiros of Fayette, Mo., and Harvey Spiros of Glasgow, Mo.; four sisters, Mrs. Amanda Pack, Mrs. Hattie Smith and Mrs. Callie Naylor of Kansas City and Mrs. Lillie Watson of Los Angeles; 16 grandchildren, 30 great-grandchildren and four great-great-grandchildren.

Funeral arrangements are given in the obituary column.

Every time I paint a portrait I lose a friend.

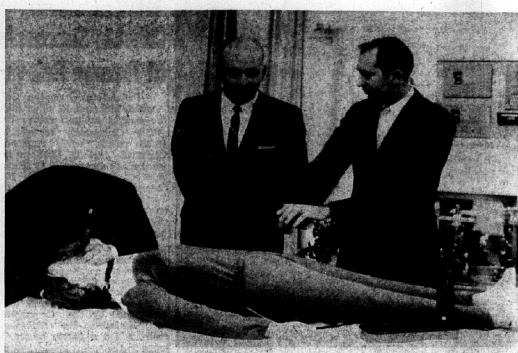

—John Singer Sargent

Many Hard of Hearing Can Hear Tomorrow

RESE DRUG STORES

Granite City Madison Bellemore

NOT A KISS—but the new method of revival — mouth-to-mouth resuscitation being demonstrated here Tuesday night before the Madison County Safety Council by qualified instructors of the Quad-City Safety Council, left to right—Al Wiedner and C. E. Blankenship, and Dr. Richard Walters. The dummy, "Resusci-Anne," was bought by the local council at a cost of \$179 for local demonstration purposes.

Returns From Hospital

Michael Mueller, 14, son of Mr. and Mrs. A. J. Mueller Jr., 1327 Lindell blvd., returned to his home Wednesday from McMillan Hospital in St. Louis where he was a patient for three weeks while undergoing two operations for the removal of a piece of steel from his eye. He will remain at home for several weeks and then return to the hospital for another operation.

GO TO CHURCH SUNDAY

Quad-City Safety Council Service

New Resuscitation Method Demonstrations Available

Quad-City Safety Council members, who are well aware of the benefits of mouth-to-mouth resuscitation, received delivery this week from Sweden of a \$179 life-size model for demonstration purposes and made the first presentation Tuesday night during a meeting of the Madison County Safety Council at the A. O. Smith Corp. plant.

The local council members, who gave the initial demonstration before about 150 county council members and guests, announced a crew of trained personnel will present the program before any local club or organization that submits a request on the application form which adjoins this article.

Merrill Cox of Laclede Steel Co., president of the Quad-City Safety Council, emphasized the usefulness of knowing the proper method of mouth-to-mouth revival by pointing out the application of the technique on March 20 by David Davenport, fire chief at Dow Metal Products Co., to revive a construction worker who had been overcome by carbon dioxide fumes.

Davenport had only a week earlier viewed a film on the method that was shown in the plant's safety program.

Qualified Demonstrators

Qualified demonstrators in the local safety council are Al Wiedner of the Dow safety department, Cox, Granite City police department, Lt. Paul Moore, Donald Watson of the Granite City Steel Co. safety department, and C. E. Blankenship, safety director at A. O. Smith Corp. and president of the Madison County Safety Council.

The life-size model fails to respond if the proper method is not applied. It is life-like in number of details, including lung and neck pulses.

Dr. Richard Walters, physician for Granite City Steel Co., explained the procedure as it was being demonstrated on the model by Wiedner. Among the guests in the audience was a group of industrial nurses from local plants.

Another demonstration on the proper use of safety tags was given by Arthur Schoenebeck of Granite City Steel Co. division of maintenance.

Boy, 5, Burned When Auto Gas Tank Ignites

First degree burns to his face and chest were suffered by five-year-old Dean Ray about noon Tuesday when he was playing near an auto in the backyard at his home, 2118 Benton street, and the gasoline tank exploded.

The boy, a son of Mr. and Mrs. Joseph Ray, was taken to St. Elizabeth Hospital by his mother and a neighbor and was admitted for further treatment.

Relatives said the car, which was not in operating condition, has since been towed away. It is not known what caused the explosion, but relatives believe the cap was off the tank and a spark might have ignited the fumes.

Hospital authorities said the boy's condition is good.

Also treated in the emergency room Tuesday were two other youngsters: Jeannie Timmons, 5, daughter of Mr. and Mrs. Joseph Timmons, 2040 Benton street, underwent a stomach lavage Tuesday evening on the possibility she might have swallowed a small amount of liquid floor wax. The girl, a kindergarten pupil at Emerson school, also has the chicken pox, her mother said.

Delorah Smith, 9, of 615 Fleming place, was treated for an injury to her right leg, suffered in a fall off a bicycle Tuesday afternoon.

Art is either a plagiarist or a revolutionist.

Son Born To Rev. And Mrs. John Mimitz

Rev. and Mrs. John Mimitz of Dubois Ind., formerly of this city, are announcing the birth of their first son, Matthew Arnold, Wednesday. The infant weighed four pounds. He has three sisters, Jane Ellen 15, Pamela, nine, and Cynthia, four.

Rev. Mimitz is pastor of St. Peter United Church of Christ in Dubois. Mrs. Mimitz is the former Barbara Arbogast, a daughter of Mr. and Mrs. Arnold Arbogast, 2663 Lincoln avenue. Mrs. Arbogast will leave tomorrow to spend ten days at the Mimitz home.

Human dignity, economic freedom, individual responsibility, these are the characteristics that distinguish democracy from all other forms devised by man.

—Dwight D. Eisenhower

Art is either a plagiarist or a revolutionist.

—Paul Gauguin

French Army Officers Visit Engineer Depot

The Corps of Engineers, St. Louis district, will host visiting army officers from France today, according to Col. Alfred J. D'Arrezzo, district engineer. The Quad-Cities are included in a tour of government projects.

Major Gen. Jacques Yves Leonard, chief of ordinance of the French army, accompanied by Col. Jean-Francois George, deputy chief of staff, 8th military region, Lyons, France; Lt. Col. Francis Honore Dany, assistant deputy chief of staff, G-4, French forces in Germany; and Col. Henry J. Katz, U. S. Army Corps of Engineers, tour director and interpreter, are visiting Col. D'Arrezzo's office to learn about some of the work of the engineers in this area.

The visitors will be honored guests at the banquet of the Society of Professional Engineers meeting tonight in St. Louis. At this meeting Col. D'Arrezzo will deliver an after dinner address about the Merimee study currently in progress in his office.

The French officers also will visit the Granite City Engineer Depot and the Engineer Supply Control office while they are in the area.

Col. D'Arrezzo, who speaks French fluently, addressed the visitors this morning. This afternoon was to be spent showing them some phases of the city of St. Louis flood protection project now under construction. Dam No. 27 below the Chain of Rocks highway bridge, and Locks No. 27 at Granite City.

The visitors will be honored guests at the banquet of the Society of Professional Engineers meeting tonight in St. Louis. At this meeting Col. D'Arrezzo will deliver an after dinner address about the Merimee study currently in progress in his office.

The French officers also will visit the Granite City Engineer Depot and the Engineer Supply Control office while they are in the area.

Alton State Hospital Open House Is Sunday

In observance of National Mental Health week, Alton State hospital will hold open house from 1-4 p.m. Sunday. Guided tours will leave from information booth and visit the male diagnostic area, psychology department, industrial therapy of office, cottage areas and occupational therapy center.

At 1:15 and 2:15 p.m. there will be a series of dramatic demonstrations from 3-4 p.m. there will be a formal program in the recreation hall. There also will be an exhibit of art work.

Taking part in the program will be the Alton high school concert band and the patients' glee club.

Next time you are cooking split peas for soup, add a piece of salt pork.

Ever cook celery, cut into short wedges, and serve it in a cream sauce?

Two young women were taken into custody in the raid last Friday.

Among those testifying at last week's hearing, which was continued until today, was a state narcotics enforcement agency inspector who said he was solicited for prostitution by two women when he entered the place April 7 to investigate a report that the tavern proprietor, Harry Branhof, also testified briefly during this morning's two-hour hearing.

Two cars were damaged Wednesday at 21st street and Madison avenue, Mrs. Velma P. Zang, 43, of 2425 Illinois avenue, was crossing Madison when her car was struck on the rear right side by another driven by Bert In O. Singleton, 38, of 2747 Sunset drive, police reported. Neither driver was injured.

SHOWCASE 92 — WGN — SUNDAY 2 to 3 P.M.

Psychiatry And Religion Institute Set Monday

Dr. John F. Bergmann, teaching consultant in psychiatry for the Alton State hospital, will be the principal speaker of the morning session of the hospital's fourth annual institute on psychiatry and religion Monday. In the afternoon session the principal speaker will be the Rev. Finton McNamee, O.F.M., chaplain of the Alton State hospital.

The institute will be held in the auditorium of the reception hall of the hospital grounds as part of this year's observance of National Mental Health week.

Seek Petition To Move Road From Motel Site

Signatures of 12 Edwardsville township rural area residents are being sought on a petition to have a roadway so that a large Holiday Inn motor hotel can be built atop Sunset Hill.

The petition is necessary before vacating of the present roadway can be completed, and a subsequent delay of about two weeks will be necessary before construction of a new road can begin, attorneys for the motel reported this week.

Two cars were damaged Wednesday at 21st street and Madison avenue, Mrs. Velma P. Zang, 43, of 2425 Illinois avenue, was crossing Madison when her car was struck on the rear right side by another driven by Bert In O. Singleton, 38, of 2747 Sunset drive, police reported. Neither driver was injured.

SHOWCASE 92 — WGN — SUNDAY 2 to 3 P.M.

KAHLE, MISS RUENA, 2211 Salisbury street, St. Louis, Entered into rest Wednesday, April 18, 1962, at home.

Ever cook celery, cut into short wedges, and serve it in a cream sauce?

Two young women were taken into custody in the raid last Friday.

Among those testifying at last week's hearing, which was continued until today, was a state narcotics enforcement agency inspector who said he was solicited for prostitution by two women when he entered the place April 7 to investigate a report that the tavern proprietor, Harry Branhof, also testified briefly during this morning's two-hour hearing.

Two cars were damaged Wednesday at 21st street and Madison avenue, Mrs. Velma P. Zang, 43, of 2425 Illinois avenue, was crossing Madison when her car was struck on the rear right side by another driven by Bert In O. Singleton, 38, of 2747 Sunset drive, police reported. Neither driver was injured.

SHOWCASE 92 — WGN — SUNDAY 2 to 3 P.M.

Psychiatry And Religion Institute Set Monday

Dr. John F. Bergmann, teaching consultant in psychiatry for the Alton State hospital, will be the principal speaker of the morning session of the hospital's fourth annual institute on psychiatry and religion Monday. In the afternoon session the principal speaker will be the Rev. Finton McNamee, O.F.M., chaplain of the Alton State hospital.

The institute will be held in the auditorium of the reception hall of the hospital grounds as part of this year's observance of National Mental Health week.

Seek Petition To Move Road From Motel Site

Signatures of 12 Edwardsville township rural area residents are being sought on a petition to have a roadway so that a large Holiday Inn motor hotel can be built atop Sunset Hill.

The petition is necessary before vacating of the present roadway can be completed, and a subsequent delay of about two weeks will be necessary before construction of a new road can begin, attorneys for the motel reported this week.

County Revokes Liquor License For Alibi Lounge

Revocation of the county liquor license for Alibi Lounge, a strip adjacent to Fairmount road, was handed down shortly after noon Friday by the Madison County Liquor Commission.

Gus Haller, county liquor commissioner, told the Press-Record the revocation was based on evidence given this morning by Granite City Justice of the Peace Harry Hartman, before whom a woman arrested in a February raid had pleaded guilty to prostitution. The raid was conducted by Sheriff George Muscoe, county deputies and state troopers.

Haller said the evidence by Hartman, coupled with the evidence heard last week resulted in the revocation order. "I'm going to sign it immediately, as soon as the state's attorney's office has it ready," Haller said.

The tavern proprietor, Harry Branhof, also testified briefly during this morning's two-hour hearing.

Among those testifying at last week's hearing, which was continued until today, was a state narcotics enforcement agency inspector who said he was solicited for prostitution by two women when he entered the place April 7 to investigate a report that the tavern proprietor, Harry Branhof, also testified briefly during this morning's two-hour hearing.

St. Louis Man Charged With Eagle Park Attack

Ulis Willie Bailey, 41, St. Louis postal worker, is being held at the Madison jail on a rape warrant issued on the complaint of a St. Louis woman, 30, who said she was attacked Monday night at Eagle Park.

The warrant was issued by Madison Magistrate John Bricker at the request of Assistant State Attorney Joseph Bartlyak.

Statements were taken from the suspect and victim, both Negroes, and Bailey was booked at the Madison police station by Deputy Sheriff Tony Petrillo and State Trooper Fred Perry. A hearing is scheduled before Bricker at noon Friday, and in the meantime federal authorities are checking to determine whether a federal law violation occurred.

The woman said she had been introduced to Bailey at a St. Louis establishment and he offered to drive her to a location a short distance away. Instead he crossed the river and the attack followed, she said. She notified St. Louis police and a report was received locally at 8 p.m. Tuesday.

With the deputy and trooper handling the investigation, Bailey was located by St. Louis police, waived extradition and was brought to Madison yesterday afternoon.

Nameoki

MRS. VYVYNE DUBBIN
1644 Venice Avenue
GL. 2-3389

NEIGHBORHOOD LEADERS MAKE MAY PLANS

Mrs. Bernard Miller, chairman of Neighborhood Five of the River Bluff Girl Scout Council, conducted the leaders' regular business meeting Tuesday evening at the Nameoki Presbyterian Church.

The chairman announced that the scouts will march in the Knights of Columbus parade on May 6 and they are to meet at 28th street and Madison avenue at 2 p. m. and march to a reviewing stand at the city hall.

On May 18, a life-saving course will start at the YMCA and it will take eight to ten weeks to complete. The course will be held every Friday from 7 p. m. to 7:30 p. m. On May 24, the scouts will hold a "May fest" at Camp Lakota; this will be for all the neighborhoods in this area. On May 26, a "Brownie holiday" will be held at the camp from 10:30 a. m. to 3 p. m. and Mrs. Louise Koester will be in charge.

Mrs. Miller reported that all the leaders will take a bus tour of all camping sites of the River Bluff Council, which takes in 104 miles.

"Serve the Future" is a new project started by the neighborhood. It involves saving dog food labels. The object is to save enough to provide a "seeing-eye" dog for some blind child.

Mrs. Jerry Scheib led a discussion on day camp, which is to be held Aug. 13-17 for Neighborhood Five. She reported that registration will be held June 3 at Maryville grade school for this day camp.

Leaders of the Coolidge school scouts served refreshments at the close of the meeting.

LYDIA CLASS MEETS

AT POPULCHAK HOME

Mrs. Mildred Populchak entertained members of the Lydia class of the Third Baptist Church Tuesday evening in her home, 4101 Kaseberg lane.

The evening's devotional was given by Mrs. Helen Lockerby, the class teacher. Mrs. Bea Brackett, president, presented a brief business meeting. A report was given by Mrs. Betty Smallie.

After the business meeting, games were played and a late dessert course was served by the hostess to Mrs. Lockerby, Mrs. Brackett, Mrs. Smallie, Mrs. Vera Kirkpatrick, Mrs. Hazel Mathis and Mrs. Gae Hannah. Mrs. Lockerby will be the May hostess in her home.

COFFEE CLUB MEETS

WITH MRS. KIEF

Mrs. Janet Kief entertained the Lynn Avenue Coffee club in her home, 1912 Lynn avenue, yesterday morning.

A late breakfast was served by the hostess to Mrs. Sandy Harper, Mrs. Mary Fernman, Mrs. Betty Atkinson and Mrs. Abbie Bartling. Mrs. Bartling will be the hostess next week in her home, 1904 Lynn avenue.

Extra Corn Is The Profit Corn

More bushels per acre is the aim of most corn producers. Growers find that those extra bushels are the profit bushels. When yields are just average, corn returns are used up paying for seed, fertilizer, labor, equipment and other corn production costs. One of the most effective ways of boosting yields is weed control with today's modern herbicides.

Since weeds and corn compete for nutrients and water, getting rid of the weeds assures that all plant food and moisture go into corn. Some of the herbicides most widely used are Atrazine and Simazine which control both the broadleaf weeds and grasses for the full growing season. On acre after acre where these weed killers have been used, corn yield and profits have increased.

Today's herbicides appear to be one of agriculture's biggest bargains, since effective chemical weed control costs only the equivalent of a few bushels of corn per acre, and is paid for many times over by extra yields. These herbicides pave the way to extra corn from each acre, and those extra profit bushels which bring the greatest net return. A free booklet on weed control in corn may be obtained by writing to Gelsy Agricultural Chemicals, Department W-8, Saw Mill River Road, Ardsley, New York.

Mrs. William Hasty and children, Debbie, Billy and Pat, Mr. and Mrs. William Handfelder, Virgil Layton, Joe Lewis, Mr. and Mrs. Fred Luebert, Mr. and Mrs. Fred Sanders and daughter, Carl, Frank Kube, Mr. and Mrs. Walter Lyons, Mr. and Mrs. Tony Shiruts, Mr. and Mrs. Dee Hamilton and children, Judy, David and Rita, Sam Musico, Mr. and Mrs. John Ragsdale, Mr. and Mrs. Don Parker and family, Mr. and Mrs. Wilson Delaioye, Mr. and Mrs. Gene Rode, Mr. and Mrs. Charles Synno, Kenneth Rank and sons, Mr. and Mrs. Tom King and children, Kathy and James, Mr. and Mrs. William Mertze and children, Sandy, Ronny and David, Mr. and Mrs. Ed Hinrichs and daughters, Jerry and Francis, Audrey Bulovac and Dave Hunter.

HOLIDAY GUESTS

Mr. and Mrs. Dan Adams had as Easter guests from Aurora, Ill., Mr. and Mrs. James Graham. They also visited Graham's brother and sister-in-law, Mr. and Mrs. Floyd Graham.

Mr. and Mrs. Russell Robinson had as guests for Easter dinner Mrs. Robinson's parents, Mr. and Mrs. Oscar Hercher, and her brothers, Kenneth Hercher and Marvin Hercher, all of DeSoto, Mo.; her brother-in-law and sister, Mr. and Mrs. Roger Sullivan and son, Roger Jr.; and her aunt from DeSoto, Mrs. Winnie Schrameyer.

Mr. and Mrs. Leroy Fitzgerald went to Missouri to have Easter dinner with his brother's family.

Mr. and Mrs. Willis Ives and children, Randy, Ralph and Linda, were visited Sunday for dinner by Mrs. Loring Costley, mother of Mrs. Ives, Leroy Costley, Mary Costley and sons, Mike, Steve and Norman Costley, and daughters, Cindy and Diane. Mr. and Mrs. Tom Ives and Alta Mae and Bonnie Ives.

Mr. and Mrs. Joseph Robinson had as guests for Easter dinner Mrs. Robinson's parents, Mr. and Mrs. Robert Koelker and children, Eileen, Sharon, David, Annie, Tommy, Danny, Robin and Harry.

Restlessness is discontent and discontent is the first necessity of progress. — Edison

GC Merchants Fined For Overdue Licenses

Twenty-one Granite City merchants appeared in magistrate court during the past week for failure to purchase 1961 business licenses. The 1962 licenses are due May 1, the beginning of the new fiscal year. Fourteen of the businesses were service stations. The rest were retail food stores. The cost of the retail license varies with the type of business. According to the office of the city comptroller, a license for a service station costs \$25 and for a food store \$15. Fines of \$1 and costs were assessed against 19 of the merchants, upon payment of the overdue license fees. Two of the 21 delinquent merchants' cases still are pending.

Mrs. Kleinschmidt Recovering

Mrs. Hannah Kleinschmidt, 2251a Edison avenue, is recovering at McMillan Hospital in St. Louis from an operation for the removal of a cataract, the second eye operation in two months.

Edward Whyers Dies; Former GC Resident

Edward Whyers, a former Granite City resident, died at 11:15 a.m. Wednesday at the Phoenix, Ariz., Veterans' Hospital after a lingering illness. He was 69.

Mr. Whyers had made his home at Phoenix since his retirement four years ago. Prior to that he was employed as a repairman in the railroad yards at Mitchell.

Born at Fosterburg, he spent most of his life in the Quad-City area and had also lived at Collinsville.

Surviving are his wife, Oriana; two daughters, Mrs. Garnett

Smith of Phoenix and Mrs. Mary Lee Collinsville, a brother, Joseph Whyers, Mitchell, and seven grandchildren.

He will be returned here for funeral services and burial. An obituary notice appears elsewhere in this issue.

Attends Funeral Of Brother

Mrs. Dorris Futrell, 2423 Center street, returned Wednesday from Colorado Springs, Colo., where she attended the funeral Tuesday of her brother, Truman Johnson, who died of a heart attack on the street in Denver, Colo., April 20.

NEED GUTTER REPAIRS?

CALL DOUGLAS, TP. 6-2988.

All In A Sandwich!

Here's a meal in one hearty, appetite-pleasing sandwich. Crunchy corn bread, made perfectly and easily with a mix, is the base for ham and cheese slices. Tender broccoli and creamy mushroom soup spooned over the oven-hot sandwich top it off. Try it—it's good for lunch or family supper Saturday, Sunday or any other night.

HOT CORN BREAD SANDWICH

Makes 6 servings

Ingredients:

- 12 slices American cheese
- 12 slices cooked ham
- One 10-1/2-oz. can condensed cream of mushroom soup
- 1 egg
- 1/2 cup milk
- One 10-oz. pkg. frozen broccoli, cooked

Heat oven to hot (400°F.). For corn bread, empty contents of muffin mix package into bowl. Add egg and milk. Blend only until dry ingredients are thoroughly moistened. (Batter should be slightly lumpy.) Four batter into greased 8-inch square pan. Bake in preheated oven (400°F.) 20 to 25 minutes. Cut into 6 pieces; split each horizontally. Place on cookie sheet.

Place a slice of cheese atop each corn bread piece; top each with a slice of ham. Heat in moderate oven (375°F.) 5 to 10 minutes or until cheese melts. For sauce, mix soup and milk together in saucepan; bring to a boil. Put two open-faced sandwiches on each plate; top with cooked broccoli. Spoon sauce over sandwiches. Serve hot.

By Edward Collier

St. Augustine, America's oldest city, is a delightful vacation spot for every member of the family. Our Magic Circle auto tour starts at the ancient, tree-shaded Plaza near the statue of Ponce de Leon, who landed here just before Easter in 1513 and claimed the land for Spain.

Top attractions are Castillo de San Marcos, ancient Spanish fortress, where a secret chamber disclosed crumbling human bones, and a cell later confined renegade Chief Geronimo's diabolical riors; the Oldest House which grew over four centuries into many spacious rooms, rich in antique furniture and pottery; the 40-room Lighter Museum of Hobbies with fascinating exhibits,

THAT'S A FACT

THE TALLEST GRASS IN THE WORLD GROWS TO A HEIGHT OF 120 FEET! THE GRASS IS BAMBOO—ONE OF NATURE'S MOST AMAZING PLANTS. IT PROVIDES FOOD FOR BEARS, PIGS, RABBIT, GOATS, DEER, AND MANY OTHER ANIMALS. The Schermer Bros.
Leo, Avery and Stan

Sirs:

I am writing this little thank you note because I was included in your 1500 extra Rainbow Stamp Contest this week.

I was so thrilled that I won for I had entered every week but had never won before. Thanks!

Also I wish to take this opportunity to tell you about your very nice check-out girls in your store, they are always so courteous, kind and ready to help.

I appreciate your big well stocked store and the real bargains I find there every day, not to mention the high quality gifts I can get for the Rainbow Stamps I save, at the convenient gift shop on your second floor.

Sincerely,
s/VIRGINIA NEWMAN

Granite City, Illinois

Thank you for your recent letter concerning our last Rainbow Stamp contest. We were thrilled at winning, but you were the first to express it in writing and for that we thank you. This business we find there are only two real rewards for us as owners:

1. the many hundreds of friends that we have made
2. the feeling of satisfaction that comes from doing a good job for these customers.

The "big well-stocked store," the "real bargains," and the "very nice check-out girls" that please you is not accidental. Leo, Stanley and I work long hours to please you and other customers who come to us for their shopping needs. When we find customers are always in to 12th and Madison we know that we are on the right track. Please be assured that we will never let down in our efforts to keep Schermer Bros. the best place to trade in the Quad-City area.

Again, thank you for your very heart warming letter.

Sincerely yours,
s/ AVERY SCHERMER, President

SOCIETY

MISSIONARY SOCIETY HOLDS MEETING

The Woman's Missionary Society of the Gospel Mission on 20th street met Monday evening in the home of Mrs. Christine Hildreth on Nameoki drive.

Mrs. Alice McKinney, chairman, was in charge and the meeting opened with prayer by Mrs. Ann Fowler. Mrs. Kate Skinner led the devotional service and letters were read from several missionaries.

Mrs. Bethel Davis, Mission superintendent, read a letter from Bob Pierce of World Mission, a missionary organization, and the lesson on "The Crosses" was given by Mrs. McKinney.

The meeting closed with prayer and refreshments were served to nine members and three guests.

Pin Ceremony For 12 Rushees

Epsilon Eta Chapter of Epsilon Sigma Alpha sorority met last night at the Stop Lite for dinner and a pledge pin ceremony conducted by Mrs. Rose Marie Bente, state president, for 12 rushees of the new sorority chapter which will be called Alpha Kappa.

The rushees were Mary Ellen Steinhauser, Linda Truesch, Carol Kuenker, Dottie Gavin, Nancy Segedy, Carol Bischoff, Phyllis McCoy, Gail Buske, Marilyn O'Dell, Linda Herman, Charlotte Atkinson and Phyllis Polly.

A handkerchief shower was given at the meeting for Mrs. Lucille Tritsch, who was celebrating her birthday, and prizes were awarded to Harriet Dix, Carol Davis, Nancy Sabo and Janice Biello. Twenty-three were present.

PARTY FOR BRIDGE CLUB

The VTB bridge club met Wednesday with Mrs. Milton Wright, Glen Carbon road, Edwarsville.

Luncheon was served to the members and a guest, Mrs. Charles Moore of East St. Louis, and honors went to Joe Turner, Mrs. Ray Huff of Edwarsville, Mrs. Walter Gillen of St. Louis and Mrs. William R. Thomas.

The club will meet again in two weeks with Mrs. Clark Rhoads, 2969 Madison avenue, Rhoads, 2969 Madison avenue.

New Officers Preside At Dow Diamonds Meeting

The newly-elected officers were in charge last night at a business meeting of the Dow Diamonds of Dow Metal Products Co., at The Den, 2400 State street.

During the business session which followed dinner, committees were appointed, including program, ways and means, charity, publication and historian.

Plans also were made to make a trip to the Hoyleton Orphanage in Hoyleton, Ill., several members are planning as a part of their charity program.

Women Of Moose Plan Bus Trip

The Women of the Moose met last night with Senior Regent Mary Murgie in charge.

Two candidates balloted on and accepted will be initiated at a later meeting. An Academy of Friendship trip to Hannibal, Mo., is planned for Sunday, May 6, and all Academy members are invited to make the trip which will be in a chartered bus.

Thirty-three were present at last night's meeting and prizes were awarded to Mrs. Loretta Coleman and Mrs. Margaret Frommberger.

MRS. DELALOYE LEAVES FOR VACATION

Mrs. Catherine Delaloye of Edison avenue, left the past week for California and Hawaii. She plans to visit Mr. and Mrs. J. W. Delaloye in San Diego, Mr. and Mrs. Joe Tessary of Ranch Santa Fe, and Mr. and Mrs. Maurice Corrigan and family in National City, Calif.

She will stop in Los Angeles for other visits before going on to Hawaii to spend some time, returning by way of San Francisco to visit Mrs. Almeta Custer and Miss Rosalene Honer, camp, formerly of Granite City. Stops also will be made in Reno, Nev., and Denver Colo., where she will be the guest of other former residents.

I would no more quarrel with a man because of his religion than I would because of his art. —Mary Baker Eddy

OBSERVING ANNIVERSARY. Mr. and Mrs. Alva W. Williams, 2825 West 22nd street, who will celebrate their 50th wedding anniversary by holding open house from two to four p.m. Sunday at the YMCA to which all friends and relatives are invited. The couple was married April 21, 1912. Mr. Williams is a retired employee of the National Lead Co.

Lutheran Women Project Night

The Peace Lutheran Women met last night at the chapel, 3201 Erin drive.

The business session was presided over by Mrs. Barbara Froemming and Mrs. Eloyous Kinder was appointed to represent the local group at a Wartburg conference in Racine, Wis., in May. An executive meeting and project night was announced for May 9 at the home of Mrs. Froemming, 1350 Norway drive, and a film on Egypt entitled "Village Reborn" was shown. The narration was by Mrs. Rose Mehling.

Granite City PRESS-RECORD

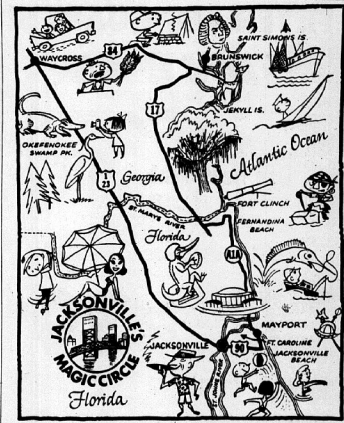

Thurs., April 26, 1962 Page 19

The meeting closed with prayer and coffee and cake were served by Mrs. Elizabeth Messerschmidt and Mrs. Florence Belling to those mentioned and Mrs. Lawrence, Mrs. Doris Barkley and Mrs. Lorraine Coleman.

Mrs. Belling and Mrs. Froemming will entertain the group at the May meeting.

Helicopters are credited with nearly 10,000 evacuations and rescues of Allied troops during the Korean conflict.

GO TO CHURCH SUNDAY

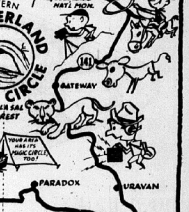

By Edward Collier

Florida's sunny, friendly Jacksonville welcomes the motorist with photogenic bridges, palm-lined streets gay with flowers, hard-packed beaches, deep-sea fishing, missile-modern structures such as the new ebony and green trimmed City Hall, and a mammoth cigar factory boasting almost human machines.

The Magic Circle auto tour starts at the Jacksonville Sports Center with its Gator Bowl, site of the New Year's pigskin classic and handsome new Coliseum. Continuing on, the tour includes a spin over the hard-packed sands of Jacksonville Beach; picturesque Mayport and its fishing fleet; and Port Clinch State Park, an old 1850 brick stronghold.

Crossing the Georgia line to Brunswick, there are stops at the "Golden Isles" resorts. St. Simons has Ft. Frederica National Monument, a bastion built in 1704 by Gen. James Oglethorpe. Jekyll Island State Park, a millionaires' retreat in 1900 with 20-room Edwardian "cottages," has pine forests teeming with deer and clean beaches.

The return route is highlighted by Okefenokee Swamp Park, a vast wilderness wonderland of cypress-choked, inky waters, mysterious floating islands and a natural zoo including American black bear, otter, raccoon, sandhill cranes, egrets and the great blue heron.

The flaming story-book world of eastern Utah and western Colorado, still partially unexplored, offers the ultimate in thrilling automobile trips. At Moab, an old Mormon pioneer town now booming from uranium, starts a Magic Circle auto tour into this violent, colorful land.

Arches National Monument is the prize. A wide new black-top road climbs up the sheer face of a russet cliff that opens up a road climber's 75 square-mile world of desert, including such oddities as the Double Arch, two massive pinnacles on a mass top to look much eroded. And delicate Arch, a canyons and eroded spires.

WE GIVE AND REDEEM EAGLE STAMPS

By Edward Collier

Historic Charleston typifies the storybook South with antebellum shrines and mansions, cobbled streets and venerable churches. Early in springtime, gardens, piazzas and peck-a-brook walls glow with flame-colored azalea, purple wisteria and roses. Bay Street's "Rainbow Row" pastel-colored dwellings face modern ocean-going vessels riding at anchor.

Our Magic Circle auto tour starts at the Battery whose firing on Fort Sumter 100 years ago started the Civil War, and continues by boat to the fort, now a national monument. Returning, a short drive takes us to The Citadel, renowned private military college, for Friday afternoon's stirring dress parade.

The route north is to Magnolia Gardens, a marvel of exotic blossoms, and Middleton Gardens, famed for its terraced lawns and butterfly lakes and where sheep "mow" the grassy parking area. Beyond is picturesque Summerville, "Flower Town in the Pines."

Granite City PRESS-RECORD
Page 22 Thurs., April 26, 1962

MORE ABOUT

\$185

Holdup

(Continued from Page 1)

with a shotgun," Mrs. Smith told the Press-Record.

Mrs. Smith said she stood still. Another of the bandits walked behind the bar and took the \$55 from the cash register. The other grabbed a large cardboard box filled with potato chips and dumped them on the floor and began filling the box with bottles of whisky, wine, gin and vodka.

"She said the three men were wearing stocking caps as masks with holes cut for their eyes. They had them pulled down to their necks and all of them were wearing gloves. Two had pistols and the other had a shotgun and they all had their weapons drawn when I walked into the room."

The bandit trio was in the tavern less than five minutes, and before departing ripped the

telephone wires. They instructed her not to leave the building. Mrs. Smith said the juke box was playing and she did not hear or see the trio drive away. She remained in the building until a customer arrived about an hour later, and then county authorities were notified. An armed and masked bandit triaged a similar holdup at a Pontoon Beach tavern about two weeks ago.

\$970 Burglary At Station
Loot valued at \$970 was stolen from the A&K Service Station, Routes 111 and 162, in a break-in discovered Wednesday morning by Ted Jacobs, manager, of 5169 Lakeview drive. He told county authorities entrance was gained by smashing the front door glass between 9 p.m. Tuesday and 6 a.m. yesterday.

Taken were 29 tires valued at \$780, a \$150 portable grease gun, a 50-pound container of grease worth \$8 and eight tubes valued at \$32. Two bucket seats valued at \$506 were stolen last night from a wrecked 1962 car according to Thomas Hundley, 1801 Madison avenue. Entry was gained by reaching through a hole in the windshield and unlatching a door. The car belonged to Gary Werth, but had not been opened.

of 2634 Madison avenue, the report shows.

Home Ransacked
At least \$10 in pennies was reported stolen from the home of Vernon Lindley, 2516 Delmar avenue, Tuesday. The coins were taken from a china bank woman's white gold wristwatch also was missing from an upstairs bathroom. Bedrooms in the house were ransacked. There was no sign of forcible entry, police said.

Theft From Contractor
Theft of two articles of equipment April 16 and 19 was reported Tuesday morning to Granite City police by the General Contracting Co. A three-ton lift and a two-inch water pump powered by a gasoline engine were taken from the firm's sewer installation project near the Merchants Bridge highway.

Mrs. Abe Hoy reported to police today that a coin-operated machine was prior during the night at a laundromat, 2101 Washington avenue. Little money was taken as the machine had been emptied Wednesday. A soft drink machine showed pry marks but had not been opened.

Car Found In Elbow
Authorities in Elbow, Miss., informed Granite City police Tuesday that they had recovered a car stolen here and arrested three subjects, Jesse E. Ham-bree, Milton Huber and Clarence Simmons. All three are allegedly escapees from Alton State hospital, police said. John Lusara of Granite City reported the car stolen from Nameoki road and East 24th street last Friday. Granite City police recovered a car on the levee Tuesday night. It had been reported stolen that night by David Bloodworth, of 2026 Clark avenue, from 20th street near the railroad track.

Bruce Foster, of 2432 Center street, told Granite City police Wednesday morning that two blue fender skirts and four spinner hubcaps were stolen from his 1962 convertible coupe while it was parked in front of his home. Mrs. Eleanor Wood, of 1917 Edwardsville road, told police Monday that five books of bridge tickets were taken from her car while it was parked on a lot at 18th street and Edison avenue. Two hubcaps were stolen from a car at Moody Sales, 1508 Madison avenue. It was reported Monday to Granite City police.

Walton Infant Stillborn Today

Michael Allen Walton, son of Mr. and Mrs. Eugene W. Walton Jr., of 548 Chouteau avenue, Mitchell, was stillborn this morning at St. Elizabeth Hospital. Surviving, in addition to the parents, are the grandparents, Dr. and Mrs. E. W. Walton Sr., Lloyd Ashford and Mrs. Ione Payne, all of Granite City. Private funeral services are to be held this afternoon.

Delicious compote: thawed frozen peaches mixed with fresh orange and grapefruit sections. A few sharks inhabit tropical freshwater lakes and rivers.

community would have in locating such a facility here.

10-Acre Site Needed
Ten acres of land would have to be available for a site. Other site considerations outlined were:

(1) Proximity to universities, institutes and other operating

research institutions covering a broad spectrum of scientific disciplines and activities.

(2) Proximity to federal, state and other agencies having related responsibilities in water resources development.

(3) Proximity to major regional water resources problems.

(4) Availability of transportation facilities including railway, air and shipping.

(5) Library facilities suitable for scientific and technical research needs.

(6) Availability of needed technical and non-technical personnel of required quantity and quality.

(7) Public utilities including communications, power, water

Vandals Break Glass

Vandals armed with air rifles apparently were responsible for breaking glass this week at two 14th street addresses. Tuesday afternoon, Mrs. Estelle Smith of 2303 Fourteenth street told police a storm door glass had been shot out; and Rose Zatti of 2137 Fourteenth street reported that three windows had been broken at that address on Monday.

supply and waste disposal.

(8) Social, cultural and general living conditions of the community.

personal extension phones

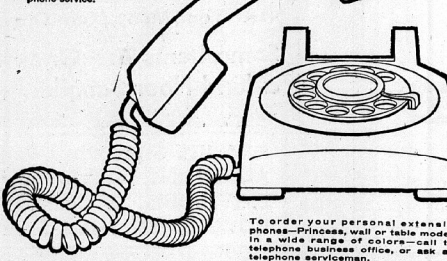

GIVE A MAN A QUIET, CONVENIENT PLACE TO TALK

Personal extension phones shut you off from household noises: Put one in your bedroom and lie down when you talk. It's great! Put one in the kitchen or dining area and you handle calls at mealtime without leaving the table. Another in your workroom or den will save you countless steps. Cost? You can have all three for just pennies a day!

Who needs extension phone service most?

- Families that make or receive five or more calls a day.
- Families with one or more members active in school, church, civic or club work.
- Families with active, popular teenagers or young adults.

If any of these conditions fit your family, the chances are you need extension phone service.

To order your personal extension phones—Princess, wall or table models, in a wide range of colors—call the telephone business office, or ask any telephone serviceman.

River Bluffs Council Sets Scouting Events

A First Class workshop for leaders in the River Bluffs Girl Scout council will be held from 10 a. m. to 2:30 p. m. May 7 at Niedringhaus Memorial Methodist church, 20th street and Delmar avenue. The coordinator is Mrs. Dale Rea, 3214 Willshire drive. Other workshops will be conducted throughout the council area through May 17.

On June 14 an all-day bus trip will be held for Girl Scouts. Tentatively included in the itinerary are Lovejoy Monument in Alton, Chain of Rocks canal, Cahokia Mounds park and museum, Cahokia church and court-house and the Lewis and Clark marker on the levee near Hartford.

On June 17, Roundup campers will leave for Button Bay, Vt. From the Quad-Cities are Pam Bradley, Margaret Ann Juhaz, Cathy Parker, Mary Jane Zimmer, Hedy Brinkmeyer, Karen Cooper, Kathy Harsh, Judy Matras, Linda Ouschowski, Norma Riverburgh and Kathy Brave.

26 Eagle Scouts Honored At First Annual Banquet

Twenty-six Boy Scouts of the Cahokia Mound Council who attained or qualified for Eagle rank in 1961 were honored at the council's first annual Eagle recognition banquet Monday night at the Stratford Hotel, Alton. Each was the guest of an individual sponsor who also had been host at his place of work during the afternoon.

The event was described as a success by Jack Friedman, council advancement chairman. President Gene H. Sternberg presided and Claxton Burroughs was toastmaster.

Paul Connelie, Washington University dean of students, a former Eagle scout in the local council, addressed the gathering on "Dynamic Citizenship." Other speakers included Friedman and Scout Executive Eugene Coe, and each Eagle Scout introduced his sponsor and reported on the day's activities.

Dale hosts included Allen Jesse, Uniway district chairman.

Local Eagles participating were Robert Chapman, Concordia Lutheran Post Six; Harry Freeland Jr., St. Joseph Troop Seven; Francis McBride, St. Elizabeth Troop 13; George Motesco, Niedringhaus PTA Troop 12; and Michael Manning, Troop Seven.

Others included seven from Highland, six from Edwardsville, four from Marine, three from Collinsville and one from Greenville. Three other Highland boys were eligible but were unable to attend.

Among the sponsors attending were Fred Orr of Shell Oil Co., James Parnley, Henry Helrich and A. C. Stover of Granite City Steel Co., Ed Juneau of Sheppard, Morgan and Schwaab, Ernest Karandjeff of Granite City Trust and Savings Bank, Attorney Horace Calvo, Attorney Austin Lewis, Henry Ross of the Ross Construction Co., Sternberg, Theodore Noeth of Granite City high school, Howard Kaehner, local farmer, James Casey of Union Star and Refining Co., Robert McCall of McDonnell Aircraft and A. P. Steinhauer of American Steel Foundries.

RETURN TO TEXAS

Mr. and Mrs. Robert E. Weeks returned to their home at Grand Prairie, Tex., Sunday after spending the weekend visiting their parents, Mr. and Mrs. Robert C. Weeks and Mr. and Mrs. Charles Wilkins.

HERE FROM OKLAHOMA
Mr. and Mrs. Bill Schless and family of Tulsa, Okla., were guests of Mrs. Fern Corey and family and Mr. and Mrs. Claude Schless over the weekend.

Mr. and Mrs. Walda McDonald and children of Chester, Ill., were guests of Mr. and Mrs. Frank Snodell during the weekend.

Necessity is not only the mother of invention—it is also the reason a great many people have to do their own odd jobs.

FIRST EAGLE BANQUET of the Cahokia Mound Boy Scout Council. In the top photo (left to right) are Jack Friedman, advancement chairman; Gene H. Sternberg, president; Paul Connelie, Washington University dean, guest speaker; Claxton Burroughs, member of executive board, toastmaster; and Scout Executive Eugene Coe. Shown below (from the left) are Eagle Francis McBride, St. Elizabeth Troop 13 and his sponsor, Henry Helrich of Granite City Steel Co.; Eagle Michael Manning of St. Joseph Troop Seven; Attorney Horace Calvo, sponsor, and Eagle Harry Freeland Jr., Troop Seven; A. C. Stover, sponsor, and Eagle George Motesco, Niedringhaus PTA Troop 12; and sponsor, engineer Edward Juneau, sponsor, and Eagle Robert Chapman, Concordia Lutheran Post Six.

Rural Families May Be Eligible For Loans

Families living in small rural communities and in rural areas, even though not engaged in farming, may now be eligible for housing loans from the Farmers Home administration, according to Harold F. Klepe, supervisor for Madison, Monroe and St. Clair counties.

The housing act of 1961 broadened the eligibility requirements for rural housing loans. As a result, owners of non-farm tracts in rural areas and in small communities of not more than 2500, as well as farmers, may be eligible for this type of credit.

The interest rate is 4 1/2 per cent on the unpaid balance of the loan. Loans may be scheduled for repayment over periods up to 33 years. The proposed housing must be adequate to meet the family's needs, be modest in size and design.

To be eligible an applicant must own a farm or a housing site in a rural area, be without decent, safe and sanitary housing, and be without sufficient resources to provide the necessary housing on his own account. He also must have or be able to obtain sufficient income to meet payments on existing debts, take care of his other expenses and make payments on the proposed loan.

Further information on rural housing loans may be obtained at the county office of the Farmers Home administration located at the Federal building in Belleville. The supervisor keeps office hours from 10 a. m. until noon on the second Tuesday of each month at the Edwardsville ASC office.

Presidential Maneuvers
Marine Pfc Dennis Martin of Granite City participated in the first Marine force demonstration recently conducted on Onslow Beach for President Kennedy. Martin was among 3000 Marines who stormed the beach in a simulated attack, charging ashore in armored amphibious vehicles and helicopters.

NEW CHEVY II NOVA WAGON

The boys are warming up with the weather at your Chevrolet dealer's. And what beautiful ways he's got for getting away! Eleven new-size Chevy II models. Plus a nimble crew of sporty Corvairs. So come on in and pick the one for your kind of fun.

Liveliness and loads of fun at a low, low price! Who ever thought a wagon could have such a compact price—and still be so generous with load space. This one's got a longer load floor than any compact—over 9 ft. with second seat folded down. And there are two other just-as-roomy Chevy II wagons to choose from—including America's lowest priced 3-seat station wagon.*

NEW IMPALA CONVERTIBLE—You're in plenty good company if you pick this breezy beauty. It's America's favorite top-down way to travel. With the kind of room, richness and riding comfort that rival the costly cars.

NEW BEL AIR 4-DOOR SEDAN—Get a load of this one's styling and spacious comfort, and you've a good idea why Chevrolet is America's most popular buy. Most popular at trade-in time, too.

NEW CHEVY II 300 4-DOOR SEDAN—Luxury and liveliness never came together so beautifully at such a low price. Room for a full-grown tribe of six. Plus Mono-Plate rear springs and other new ideas that won Car Life magazine's Engineering Excellence Award.

NEW CORVAIR MONZA CLUB COUPE—It's as easy to handle as it is to own. Rally-proven steering and road-clinging traction. And—included in its budget-pleasing price—are front bucket seats, deep-twist carpeting and a whole raft of sporty features at no extra cost.

See the new Chevrolet, Chevy II and Corvair at your local authorized Chevrolet dealer's

Open House At Depot On Armed Forces Day

Armed Forces Day will be commemorated at the Granite City Engineer Depot on May 18 with an open house on the post, Col. John M. Ansley, Depot commander, announced today.

The open house is to be conducted from 10 a. m. to 4:15 p. m. and will include a drill demonstration by a crack Depot honor guard, a retreat ceremony, displays of heavy engineer equipment and other special features.

Hourly bus tours of the post will be provided, and refreshment stands will be in operation. The depot library and the enlisted men's service club will be open to the public.

The day's activities will also include a demonstration of distance measuring by theodolite, a small arms weapons display, an exhibit of explosive devices and a field kitchen display.

Completes Course
Sp/4 Howard D. Wright, whose wife, Doris, lives at 902 Kirkpatrick Homes, recently completed an Army course in map compiling at Fort Belvoir, Va. During the 10-week course he received instruction in such subjects as the elements of photogrammetry, map control and interpretation of aerial photographs.

Drama Students To Entertain At New York Schools

An eventful week in New York City is well past the halfway mark for Granite City high school drama students, who will present programs tomorrow morning at the St. Hilda's and St. Hugh's schools.

Rehearsals were held this afternoon following a tour and lunch at the United Nations building, and tonight the group will dine at Sardi's West, witness "Golden" at the Plymouth Theatre and visit the Empire State building.

In addition to the programs tomorrow, the students will hear the great organ played at St. John the Divine Church, visit the Solomon R. Guggenheim Museum and attend "Plays for Bleeker Street" on Bleeker street.

During the return trip Saturday afternoon, stops will include Independence Hall in Philadelphia and the Valley Forge and Gettysburg battle sites. Arrival here is scheduled for 3 p. m. to 4 p. m. Sunday.

The 27 students, accompanied by Miss Mary Blackwood, Miss Sandra Lieberman of the GCHS faculty, are staying at the Taft Hotel. Tuesday's itinerary included Rockefeller Center, the National Broadcasting Co., Lindy's restaurant and "Caravaggio" at the Imperial Theatre, while yesterday's events were a three-hour boat trip, the 17 Barrow restaurant and "A Man For All Seasons" at the Anta Theatre.

The group consists of Pat Rozyczko, Jean Fryntzko, Judy Karandjeff, Lavana Deatherage, Carolyn Butler, Janet McLeister, Bob Cruse, Nancy Rickert, Martha Spengler, Nancy Turpenoff, Jean Hinson, Vicki Andria, Sharon Woods, Doug Little, Carol Cope, Carol Krivi, Rosemary Mang, Marianne Wagner, Ruth Johnson, Anita Schroeder, Carolyn McTaven, Bob King, Richard Weiss, John Miller, Carl Johnson, Teresa Griffith and Karen Kaegel.

Special Square-Dance Session Tomorrow Night

A special open square dance for all youngsters who participated in the Granite City park district's program this past season will be held from 7 to 9 p. m. tomorrow at the park district community center, 822 Niedringhaus avenue.

The special dance is in response to requests for such a program from participants at the Namecki, Niedringhaus, Logan and Wilson grade schools and Prather and Coolidge junior high schools. If it proves popular, similar square dances will be scheduled once each month, according to Park Recreation Director Harold Brown.

SCHOLASTIC HONORS will be awarded Mrs. David E. Clement, the former Miss Nancy Townsend of Granite City, on May 4 at the University of Illinois. Daughter of Mr. and Mrs. C. E. Townsend, 26 Oaklawn drive, she will be one of 67 seniors who will be designated as receiving "University Honors," commonly referred to as "Bronze Tablet Seniors" because their names will be cast in a bronze tablet and placed permanently in the university library alongside those of outstanding seniors of other years.

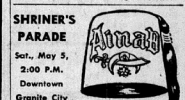

Mrs. Clement is completing her education at the Pacific Lutheran College in Tacoma, Wash., where her husband is in service, and will be unable to attend the ceremony. "University Honors" seniors will be seated on the platform during the convocation and will be addressed by Dr. Gordon N. Ray, secretary general of the Guggenheim Memorial Foundation, University President David D. Henry will preside.

Motorist Posts \$87 Bond

Luther Paul, 34, of 2103 Missouri avenue, posted \$87 cash bail Monday when he was arrested by Granite City police for failure to heed a siren and reckless driving.

4 Street Lights Proposed

Referred to the Light committee by Granite City council members Monday night, were requests for installation of four street lights. Locations proposed were—2916 Idaho avenue, the middle of the 2400 and 2500 blocks of Iowa street and the 3100 block of Melrose avenue.

Page 28 Thurs., April 26, 1962

Madison Jr. Service Club Follies To Feature Broadway

The annual Spring Follies of the Madison Junior Service Club will be held Friday and Saturday, May 11-12 at the Madison junior high school.

Mrs. Hilda Graville is serving as chairman of the event with Mrs. Janet Lentz as co-chairman.

This year's Follies, entitled "The Best of Broadway," will feature Broadway shows with extra acts to add comedy.

One of the highlights will be the "At The Celestial Bar" routine from the "Flower Drum Song."

In the act will be "Sailor" Jim Childers and his "Maidens" from each port he has visited.

They will be "Colesen" Nick Padala, "Swedish" Vasil Graville, "Senorita" Jimmy Hayes and "Madeleine" Otto Sanders.

All in full dress costumes, will do a dance routine resembling another of the acts will be Mr. and Mrs. Jack Friedman doing "Louisiana" Prima and Keely Smith pantomime "Tina Confession."

Mr. and Mrs. Austin Lewis and the "King's Jewels Choir" of the club, Mrs. Martha Hayes and George Kaych.

Also on the program will be other Broadway shows, including "State Fair," "King and I," "Lil Abner," "Sound of Music," "Milk and Honey," "My Fair Lady" and "Wildcat." Extras will be "The Earthquakers" dance combo, pantomime "My Boonswang" and "Lullaby of Broadway."

Tickets will be \$1 for adults and 50¢ for students and children.

The money realized for the show will be used to further the club's charity projects.

Mrs. Graville and Mrs. Lentz are being assisted by members of the club, Mrs. Martha Hayes and George Kaych.

Planning Follies. Mrs. Hilda Graville, chairman, and Mrs. Janet Lentz, co-chairman, discussing plans for the annual Madison Junior Service Club Follies to be held May 11-12.

Miss Nancee Parks Is Honoree

Miss Nancee Ann Parks, June bride-to-be, was honored Monday afternoon at a miscellaneous shower and luncheon given by Mrs. Herbert L. Biech, off and Miss Judy Bachteler, who are to be in the wedding party, and Mrs. Fred F. Schuman and Mrs. Alvin W. Bachteler at the Rose Bowl.

The luncheon table was adorned with spring flowers and seated with the guest of honor were Mesdames Larry Kinder, Jerry Wilson, Ronald Rodner, Harold Ellis, Pete Ferro, Ernest Kamandjeff, Douglas Little, James Holland, Arthur Slav, Gilbert Singleton, David Vincent, Thomas Sparks, John Lettice of St. Louis, Marcel Tarris of Marine, Monte Parks, mother of the bride-elect, and the hostesses.

Games provided entertainment and awards were made to Mrs. Vincent, Mrs. Holland, Mrs. Ferro and Mrs. Wilson.

Miss Parks will be married to Sheridan Dutchie, a son of Mr. and Mrs. Raymond Dutchie of Little Rock, Ark., on June 2 at First Baptist Church, 21st street and Delmar avenue.

MISS PAULINE GILLESPEY, whose engagement to William L. Wadlow, a son of Mr. and Mrs. Clyde Wadlow, former Granite Cityans now residing in Collinsville, is announced by her parents, Mr. and Mrs. Carl F. Gillespey, also of Collinsville. The wedding is scheduled for June 23.

RETURN TO SCHOOL Miss Barbara Kelly and Miss Toni Stodnick have resumed their studies at Southern Illinois University in Carbondale, where both are freshmen, after spending the Easter holidays with their parents here.

Realty Board Fears Tax Plan Would Cut Sales

Ownership and transfer of real estate could suffer a serious blow if recent recommendations of the Secretary of the Treasury to the Senate to curb capital gains on real estate sales are enacted by Congress, J. C. Cochrane, president of the Granite City Real Estate Board, is pointing out to local residents.

The Treasury Department's recommendation would substitute the present income tax rates for the lower capital gains rate on sale of real estate which has been subject to tax depreciation allowances and held for six years.

After that, the ordinary income rates would apply to less of the gain, but a property owner would have to hold property 14 years and four months before all of the gain would be taxed at capital gains rates. This affects all real estate which is used in a trade or business or is otherwise income-producing, such as apartment houses or single family dwellings held for rent, Cochrane said.

Depreciation Change
In addition, the Treasury wants to end depreciation deduction methods except the straight-line method. Cochrane noted that the National Association of Real Estate Boards has testified against the Treasury proposals before the Senate Finance Committee.

He said the Treasury recommendations would have an adverse effect on investments in new industrial, commercial and residential construction because the higher tax on the gain would prove a substantial deterrent to the sale of real estate and reinvestment of the sales proceeds in new construction.

Cochrane added that these changes run counter to the central purpose of the tax bill which passed the House March 26. "On the one hand," he said, "the administration wants to provide a tax credit to stimulate construction of plant equipment, machinery, air conditioning, washing machines, bowling alleys, furnaces, electric ranges and just about everything but buildings. Not only are buildings excluded from the investment credit provisions, but the Treasury wants Congress to penalize investors in real estate."

Example Of Effect
To illustrate the impact of the proposed change, Cochrane cited a four-family structure acquired for \$40,000 and held for rental purposes nine years. Depreciation deductions reduced the "book value" or tax basis of the property to \$30,000. The property was sold for \$38,000. Under present law, the \$8,000 gain is taxable at capital gains rates.

Under the Treasury's proposal, 64% of the gain or \$5,120 would be taxed at the higher ordinary rate, and only \$2,880 would be taxed at the capital gains rate. For a property owner in the 38% tax bracket, this means an increase in the tax of \$872.

"The basic weakness in the Treasury's position," Cochrane said, "is that very likely the taxpayer's gain is attributable to increase in the value of the land, yet the cost allocated to land is not subject to depreciation deductions."

"Tax considerations figure prominently in real estate sale plans. Enactment of this proposal would adversely affect investment in real estate in the Quad-Cities and other communities."

One Quad-City Youth Drafted Yesterday

A lone Quad-Cityman, Stanley Lucas Jr. of Madison reported Wednesday morning at the county selective service board office in Edwardsville for armed forces induction. He volunteered.

However, he was not exactly alone, since two Edwardsville area youths also were drafted and there were 15 there for pre-induction physical examinations. Of the 15, there were 11 from the Quad-Cities area.

Next month's quota for the area includes six men to be inducted and 10 to report for pre-draft physicals on May 23.

PROCLAMATION

WHEREAS Ainaid Temple, Ancient Arabic Order Nobles of the Mystic Shrine, is celebrating the 50th Anniversary of its chartering, and
WHEREAS the Tri-City Shrine Club is one of 27 Shrine Clubs in Southern Illinois, operating under the jurisdiction of the Potentate of Ainaid Temple, and
WHEREAS the Tri-City Shrine Club has been active for ten years in carrying on the philanthropic work of the Shrine in the Quad-City area, and has sponsored more than 200 children into the Shriners Hospitals for Crippled Children, where they have been admitted regardless of race, creed or color, and received medical care and attention and rehabilitation, and
WHEREAS Ainaid Temple has arranged to have their annual coronation parade on the streets of Granite City, on Saturday afternoon, May 5, and will have as their guests the marching units of Moolah Temple, St. Louis, and other Shrine organizations.
THEREFORE, we hereby designate the week of April 29-May 5 as Shrine Week in the Quad-City area, and request that our business leaders and citizens participate in honoring the Shriners of our area.

Cattle To Become School Principal In Missouri

David S. Cattle, 133 Briarcliff, assistant principal of Coolidge junior high school, will leave the Granite City district at the end of the current school term to become high school principal in Higginsville, Mo.
His resignation was one of three accepted by the Granite City school board Tuesday night. It will be effective June 13.
In his letter, Cattle, thanked local school officials for the opportunity to serve at Coolidge and said he has been employed by the Higginsville consolidated district for the 1962-63 year.
Resigning as of June 8 are Miss Carol Crews, 2354A Iowa street, Maryville school, second grade teacher, who plans to teach overseas, and Mrs. Irvin (Gladys) Stewart, Route One, Edwardsville, 114 E. Ringhaus school third grade instructor, who will move from Illinois to another state.
Miss Rebecca Gore, 2664 Iowa street, who is graduating this spring from Illinois State Normal University, Normal, with a bachelor degree, was employed for 1962-63 as an elementary teacher, with the specific assignment to be given later.
Miss Gore received a scholarship from the Granite City Association to Aid Retarded Children and is qualified to teach handicapped youngsters. Supt. Harold M. Kaiser told the board.

Quad-Cityans To Attend Institute At Quincy

A regional Third Order Institute of the Franciscan Tertiary Province of the Sacred Heart will be held in Quincy Friday through Sunday and will be attended by several Quad-Cityans, all members of St. Mary's fraternity.
They are Rev. Sylvester Miek of St. Mary's Catholic Church, Madison; Mrs. Margaret Richardson and Mrs. John Range of St. Joseph's Church and Miss Ronella Kinney of Sacred Heart Church.

The institute is to be held at St. Francis Solanus Parish and Quincy College with representatives of 35 Third Order fraternities from six midwest dioceses to participate.
The Third Order of St. Francis is the secular branch of the Franciscan Order, designed to provide lay men and women with an organized program for Christian perfection.

St. Mary's fraternity meets at 2:30 p.m. on the third Sunday of each month at St. Mary's rectory, 10th street and Alton Avenue, Madison.

Bid Opening Set June 29 For New GC Post Office

New bids for construction of a modern Granite City post office at Twenty-fourth street and Madison avenue will be sought with re-advertisement by the Post Office Department on May 1, Congressman Melvin Price announced this week. Bids will be opened June 29.

Rep. Price said the second round of bids will be for construction of a building containing 15,900 square feet of floor space, a 2060 square foot platform and a 34,600 square foot paved area. The Post Office Department will lease the structure for 20 years, with one 10-year and four five-year renewal options.

H. W. Loch, post office real estate officer for the Peoria district, told city council members at a recent meeting, that earlier bids were rejected because of a technicality. The annual lease cost bids varied from \$31,995 to \$45,800, with the low bid submitted by a Michigan firm.

While the building plans have been modified somewhat from the original to reduce costs, Loch said, the design has not been greatly changed.

The new post office will be constructed with solar screen blocks to blend with the new fire station adjacent to it on the city property.

Loch appeared before the council to request a six-month extension of the government's lease on the site, which was granted. The lease would have expired Sept. 9, and contained a stipulation that construction would begin prior to the expiration date.

Gus Haller Named To 30th Term As Board Chairman

Gus Haller was — as expected — elected chairman of the Madison county board of supervisors at the annual reorganization meeting at Edwardsville Monday, to begin his 30th term in that position.

Haller has held the chairmanship, with the exception of two terms, since unseating Pearl Smith of Venice as board chairman 29 years ago. Now 78, Haller said he will not be a candidate for re-election after his present term as assistant supervisor of Wood River township expires next spring.

After his re-election to the chair, Haller told the supervisors the \$246,000 balance of county funds left at the end of the past fiscal year can not be expected this year. With limited revenue produced by the restricted tax rates allowed by the court-supervised Butler-Hodge bill, Haller said, "We're all going to have to tighten our belts and conserve" to keep the county out of the red.

Committee Reappointed
Haller reappointed members of the Rules committee, with Fred Grenzbach, Wood River, as chairman. Other members are Thomas Harris, Fosterburg; W. G. Sussen, Fort Russell; Leslie Prehn, Wood River and Clifford Krug, Godfrey.

Alton May, assistant supervisor from Alton township, acting chairman of the Civil Defense committee, announced his resignation as acting county CD director. He said a ruling by the state attorney general prohibits a board member from holding the post. He will present his formal application at the May board meeting. May said, but will keep the job until a replacement is found.

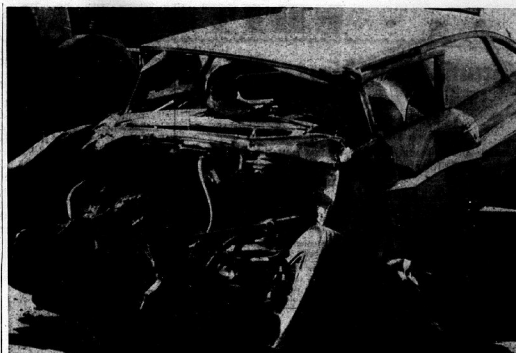

JP Loss Reported
A report on the county justices of the peace showed a \$900 monthly loss under the new system. A \$308 deficit was reported for the six-month period from June through December, 1961.

One standing committee, the County Airport Authority committee, was eliminated by the Rules committee at Monday's meeting, cutting the number of standing committees to 26. The Rules committee approved Monday, June 11, and Tuesday, September 11, as the two regular meeting dates for this year, with special meetings to be held other months.

Mrs. D. C. Locke Dies;
Sister Of Mrs. Jackson

Word has been received here of the death Tuesday in San Antonio, Tex., of Mrs. D. C. Locke, the former Hazel Kirby of this city and sister of Mrs. Harden Jackson, 2315 Delmar avenue.

Surviving, in addition to Mrs. Jackson, is a son, Fayette Locke of Montreal, Can.; a daughter, Mrs. George McMan of San Antonio, two grandchildren and one great-grandchild. Funeral services will be held in San Antonio and burial will be in that city.

FATAL CRASH in which Mrs. Mabel Thomas of Granite City was killed late Monday afternoon on Route 111 near Mitchell. The car she was driving, shown here, collided head-on with a truck and was demolished to the extent that it had to be towed away on a trailer, its engine completely removed.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record

THURSDAY, APRIL 29, 1937

After having boosted salaries of certain elective and appointive city officials who will assume office May 1 a total of \$7200 at a regular meeting April 19, the city council at a special meeting held Monday night adopted a resolution authorizing ordinance adding a still further increase of \$3410, which will make the payroll of the city for the next fiscal year beginning May 1 and ending April 30, 1938, \$10,570 more than the same departments drew during the past year.

A delegation of approximately 20 Boy Scouts from the Cahokia Mound Council of Boy Scouts, including 11 from the Tri-Cities, is expected to attend the annual 350-acre annual jamboree camp of 20,000 boys at Washington, D. C., this summer.

Those from this community who have registered for the trip are Donald Cox, Walter Pershing Jr., Andrew Lytle, Robert Williams, Roland Griffith Jr., Eddie Lueders, Frank Welch Jr., Jack Friedman, Ron Steinberg, Arthur Schermer and Roy Schermer Jr.

For the first time in many fiscal years, Nameok has operated a full year on a cash basis without issuing tax warrants, and will close the year with a cash surplus of \$750 after all obligations are met according to the annual report of the treasurer approved by the village board at a special meeting held April 23.

Mildred Threlkeld, director of the June class at Community high school, it was announced by Superintendent Ruth Steiner, she has an average of 4.89 for the four years.

Salutation in Ruth Steiner's office is only three-hundredths of a point behind Miss Threlkeld's four-year average is 4.86.

George W. Wolf, fireman first-class, U. S. Navy, of Granite City is now a member of the Battalion Nevada's boxing squad and took part in the final bouts for the All-Navy championship. He expects to visit his mother, Mrs. Catherine Ryckman, 1338 Madison, in the summer of this year.

Mrs. Cecil Hayden of Venice was hostess at a meeting of her club this week and awarded prizes to Mesdames Mary, Bernice Mackfield, Mary Blumensack, Nevis Davis, Lillie Lundquist and the hostess.

A cottage party meeting was held by the Women's Missionary Union of the Venice Baptist church in the home of Mrs. Lily Overly on Wednesday evening, Tuesday afternoon.

Those attending were Mrs. Effie Chatman, Mrs. Mary Miller, Mrs. Maude Covington, Mrs. Bertha Beyer, Mrs. Beulah Benner, Mrs. Jessie Overly, Mrs. Inez Nehmeyer and daughter, Helen, Mrs. Mabel Miller and daughter, Maxine, and Mrs. Lily Overly.

Lucille Derrick was given an award for securing the most cookie orders for the annual Girl Scout cookie sale in the Tri-Cities.

Other girls selling a large number of cookies were Norma Jean Tedder, Lenore Rosenberg, Jean Long, Harriet Williams, Helen Effmott, Gertie Porsang, Barbara Arbogast, Valdeir Barby, nee Rosenberg and Mary Jane Banmer.

At the annual meeting of St. Bartholomew's Episcopal Church Monday night, reports for the year were heard from the pastor, Joe Braden was elected treasurer and five delegates were appointed to represent the parish at the Synod in Springfield May 18-19.

The five are William Gaumer, Sidney Magnus, Robert Lerner, Gerald Hilt and Harry Faulkner.

A pot luck supper was enjoyed by members of the Careful Cleaners' Club at the First Presbyterian Church on Tuesday evening. After the supper, games were played.

Girls of the class present were Vincino Scott, Ruth Cullen, Ruth Miller, Jane Magnus, Marie Whitaker, Virginia Coleman, Virginia King, Rita Kelahan, Virginia Hughes, Ruth Hamm, Martha Kaseberg, Harriet Wayfield, Viola Knackstedt, Glenda Griffin and the teacher, Mrs. May.

Miss Madge Davis of Granite City had the leading role in the play, "Road to Heaven," which was presented by McKendree College and won first place in its division of the Folk Drama Festival. It also ranked second in all the other divisions.

For her superior acting, Miss Davis was presented with a certificate of appreciation from seven fellow collegians took part in the festival at Cape Girardeau.

Employment in Granite City increased 12.6% during the month of March, according to the division of statistics and research of the state labor department.

An afternoon party at the Castle last night was a social success. Among those present were Mrs. Glad Taylor, Mrs. Walter Amelung, Mrs. Joseph Gertrude, Mrs. William A. Smith, Mrs. Charles Thurber and Mrs. Harry Rosenberg.

Mr. and Mrs. Edward Pauly were hosts to a group of friends at a buffet dinner and bridge Saturday evening in their home.

Their guests were Mr. and Mrs. Harden Jackson, Mrs. Tula Kirby, Mr. and Mrs. William Huxel, Mr. and Mrs. Henry Lueders, John Baker, Mrs. Edward Watkins and Mrs. Belle Stallings.

Miss Verla entertained the Knickerbocker club on Wednesday evening and there were 12 present, including Mrs. Fred Schuman, Mrs. Harold Thomas, Mrs. Clyde Hughes, Mrs. Wendell Hoover, Mrs. Rosal Klein, Mrs. Elmer Baumburger, Miss Alvina Meyer, Miss Thelma Pinkerton and Mrs. Raymond Evans, the latter a guest.

Mr. and Mrs. Edward Southwick left Wednesday for Hot Springs, Ark., where they will spend two or three weeks.

Readers are invited to contribute to this column. Name and address must accompany each communication, but need not be published. Letters will be accepted if they are not longer than 250 words or less.

BUSY STORE CLERKS HELPED SHOPPER FIND LOST CONTACT LENS

To the Editor: A typical Friday before Easter is one of hurrying about your business in a world of strangers going about their business, until something brings you up short and you are again thankful for your fellow man.

A thing like losing a contact lens in the middle of busy work, and suddenly finding it, and clerks are taking their valuable time to search diligently for something that I value so much to one individual.

I said "Thank you" from someone who means it so much. THANKFUL SHOPPER

ROOSEVELT DESERVES CREDIT FOR LEADING U. S. DURING DARK YEARS

To the Editor: I have read with much interest two letters to the Forum. You could read the letter of Mr. Moss without being filled with anger after having lived through long dark and dreadful years, Hoover was, and having witnessed the wonderful God-given leadership of F. D. Roosevelt - nothing less than a miracle in my book.

I truly believe he sent up the brilliant and God-fearing man who could and did lead us through those years. It is with a lump in my throat that I think how little people remember and how ungrateful they can be.

Maybe we did die holes and fill them up the next day, but we were filled empty stomachs, which Mr. Hoover didn't do.

Yes, Mr. Moss, you were lucky - \$48 per month. Two of us stayed 12 hours a day for 12 days. So again I think we should bow

Prospect of Federal Aid Renewed Interest in Lake Park Proposal

The prospect of federal funds renews interest in a project worthy of renewed attention and action creation of a Horseshoe Lake park and wildlife refuge.

It is understandable that U. S. Department of the Interior officials, like Illinois Department of Conservation authorities, are attracted to the proposal, for it is a "natural." The site and its current state of development are ideal for establishing of a major park and recreational area, and the burgeoning population of the Illinois Metropolitan Area leaves no doubt about the need.

If a grant can be obtained on a new federal program, it probably would be on a matching basis. This heightens the importance of having detailed plans ready for use, and it should encourage the state government to place the local park high on its priority list for fund allocations.

Service Far Beyond Duty Recognized by Civic Awards

It was a proud moment in local history last night when the 1961 awards for outstanding civic achievement were presented to Carl Graham, scout and university philanthropist, and Carl Ranit, civic leader and Port District chairman.

The two recipients are examples of citizens who men whose service to their home community goes far beyond that which could be expected, whose deeds tell better than words of their wholehearted devotion to the betterment of the Quad-City.

The dual awards were in the highest tradition of the 13-year recognition program.

Many Municipal Improvement Projects Planned in Venice

Awarding of a contract for expanded storm water drainage and employment of an architect for a new city garage herald the start of what is likely to be a busy period of progress in Venice.

City hall anticipates construction of other city facilities also are planned during the coming years, along with sewage treatment, highway and traffic grade separation projects.

Though the city is in the process of creating of Main street toll plaza, resurfacing of Broadway and establishment of an animal shelter have been completed, there are ample additional improvement proposals to make the first half of the 1960s a time of great accomplishment for municipal officials and all Venice residents.

Perhaps the many projects can help in reversing the population decline shown by the last census.

Granite City PRESS-RECORD Page 32 Thurs., April 26, 1962

PROCLAMATION

As Americans we cherish individual freedom as a birthright. Every citizen of the United States has a duty to protect his rights, to safeguard his person and property, and to ensure him to enjoy the privileges of life in a free society.

Without laws predicated upon equal justice, and independent courts to administer them, the liberties that make life in a free society would be meaningless. Our legal and judicial systems are foundations upon which rest our representative government, our economic well-being, and our whole social order.

The Congress of the United States, and the President by official proclamation, have set aside May 1 as a special day for recognizing the place of law in American life. Known as Law Day, the observance will take the form of programs sponsored by various organizations in the schools, and in appropriate public ceremonies. The basic tenets of Law Day are to foster in the minds of the young a broader awareness of the benefits and also the responsibilities of citizenship.

NOW, THEREFORE, We, the mayors of the Quad-Cities, hereby proclaim Tuesday, May 1, 1962, as Law Day USA, the day of the citizens of Granite City, Madison and Venice and call upon all citizens of the Quad-Cities to give appropriate recognition to this special day.

LEONARD R. DAVIS, Mayor, Granite City, Mo.

STEPHEN A. MADRAS, Mayor, Madison, Mo.

DR. JOHN E. LEE, Mayor, Venice, Mo.

Liquor Bond Approved

A \$5000 liquor bond for Mrs. Bertha Gerbie, widow of Joseph Gerbie, was approved Monday night by Granite City council members for operation of a tavern at Niederhagen Avenue and Benton street, Alton, Ill.

Frank Vess, deputy liquor commissioner for the city, said the bond was for the transfer of a liquor license to Mrs. Gerbie's name.

Evidence Substantial Enough For Favorable Action On Fluoridation

First reports on St. Louis water fluoridation bear out what was predicted on the basis of experience elsewhere—a dramatic reduction in the rate of missing, filled and decayed teeth. Surely, the evidence should now be convincing enough for favorable action to be taken in Granite City, Bellevue and Swansea, enabling the entire water system in this area to be fluoridated.

Research in St. Louis shows dental problems have been cut 30% for the six-to-12 age group, including 40% for eight-year-olds and 50% for children aged six and seven. Since the benefits begin even before birth, and the program is only five and a half years old, even greater degrees of dental health improvement seem destined to appear in later studies.

The fact that fluoridation has brought no harmful effects should dispel any remaining fears resulting from false statements that have circulated. As St. Louis officials say, the scientific evidence is conclusive: "that water fluoridation is an effective public health measure for producing a substantial reduction in dental caries (decay)."

There should no longer be any doubt about Granite City council members on the course to follow. Local voters, through their overwhelming vote favoring fluoridation, showed long ago that they want it.

Vital Statistics Law Clarified But Still Needs To Be Amended

It is good to know that some of the sponsors of Illinois' new vital statistics law say it was not aimed at news media. Nevertheless, it has been interpreted by the state attorney general as barring public release of basic public information and it should be amended at the next legislative session.

Illinois Public Health Department officials say the purpose was to prevent data on births and other events from being used for "private gain."

Some merchants who find customers in lists of new mothers. They say that medical institutions who employ those who work "in the public interest," and that this includes news media. But no such exemption is mentioned, and the statute could become a threat to freedom of information.

Taxpayers Aware Of Value Of Pay-As-You-Go Policies

A missing link of type, which failed to specify that it was the city sanitation department which had a \$300,000 deficit, prompted a telephone call by a Granite City taxpayer within a few minutes after distribution of one of this month's issues of the Press-Record. The occurrence was of no special significance, since the information was already available to the public, but it illustrates that local tax consciousness creates immediate attention on articles dealing with public spending and borrowing.

Both the Granite City municipal and school governments have found it necessary to issue interest-bearing tax anticipation warrants, but officials of both agencies have expressed commendation for the public's determination to curtail the practice as soon as possible.

Local residents' keen interest in sound fiscal policies should bolster the resolve to end borrowing on future income to meet regular operating costs, and this is all to the good. Anticipation of taxes only serves to reduce the amount of goods and services that can be purchased with each tax dollar; the portion spent on interest buys nothing except earlier use of funds.

Your Governor Reports

by OTTO KERNER

The number of employees in state government fluctuates from month to month and from season to season. An analysis of personnel statistics also shows that economic conditions have as definite a bearing on the numbers employed as seasonal demands.

Personnel in the Department of Public Works and Buildings increases in the spring and summer due to road repair. The same is true of the Conservation Department due to state park and conservation area maintenance.

The number employed by the Department of Labor and the Public Aid Commission will fluctuate in accordance with economic conditions in operation.

Add Services, Employees In the last year, there have been noted certain increases in the number of persons employed by the state. In view of our attempts to "hold the line" because of serious state finances, the increase is not surprising.

In order, without question, certain increases are permanent because of added services and correction of inadequacies in operation.

The most detailed account of state personnel is compiled each month by the state Auditor of Public Accounts. However, these are not exact because they are actually a count of warrants issued.

This report indicates one employee for each warrant, regardless of time worked or whether the warrant was for a full-time or part-time position. Student help, patients and inmates of the state hospital and other state institutions who are on stipends also are counted as employees.

For January 1962, the report showed an increase over January 1961 of 204, exclusive of educational institutions. In the latest report, for February 1962, there were 1116 more warrants issued than in February 1961.

The number employed, exclusive of university students, was 588 less than in January.

Bigger Mental Health Staffs Of the 1116 additional warrants issued in February of this year, 827 are in the Department of Mental Health and indicate progress in alleviating the underemployment in our institutions.

Illinois had ranked among the lowest states in the nation in its employee-to-patient ratio, a deplorable condition which had to be remedied, if at all possible, to note the department doing so.

Other major increases include 72 employees in the Department of Agriculture, where it was necessary to engage additional inspectors to conform to legislation passed by both the state and federal governments.

Collection Improved The Department of Revenue has an increase of 100 employees over a year ago. Of this number, 42 are new auditors whose work has resulted in a more satisfactory collection of revenues over the state. The remainder is clerical help which is necessary to handle the extra work and volume of the increased number of accounts.

The Department of Labor has an increase of 134 over the same month of last year, and the Public Aid Commission shows an increase of 148. The former, mostly paid from federal funds, has a demand of unemployment compensation, and the latter because of increased caseloads and the extra work involved.

In comparing the month of February totals for the year 1961 and 1962, of the 24 agencies directly under my jurisdiction, two show decreases, two were unchanged, and 10 showed increases.

AN ALTERNATIVE

Dan Battis had worked for the Earthworm Tractor Company for 11 years and was regarded as the firm's most valuable employee. His take-home pay was adequate. However, he was disappointed in the fact that he could not fit into his budget.

Dan had always prided himself on having a good reputation in the community and a good credit record. He went to all of his creditors and told them that he would have to reduce his payments to them in order to meet his unexpected obligations.

However, he found the creditors unwilling to reduce their payments and, in fact, they seemed to feel that Dan should pay them off and then begin paying the other creditors. Dan was in a dilemma.

Wage Earner Fiancé After working one month without pay, Dan had to see a lawyer about bankruptcy. Dan told his lawyer that he was unable to pay his debts but simply could not meet his payments when they were coming due.

Like bankruptcy, wage earners are protected by the Federal Courts; and, once a wage earner files such a proceeding, he may not be forced into bankruptcy against his will.

It would be impossible to continue the plan of payment, though it may be converted into a bankruptcy.

Furthermore, Dan's lawyer pointed out that Dan could obtain an injunction restraining creditors from bringing garnishments or wage assignments against his wages during the period of the plan.

Can Avoid Bankruptcy Like bankruptcy, wage earners are protected by the Federal Courts; and, once a wage earner files such a proceeding, he may not be forced into bankruptcy against his will.

It would be impossible to continue the plan of payment, though it may be converted into a bankruptcy.

Madison Lanes Host SIBPA Post-Season Rolloffs Saturday

The Madison Bowling Club will host post-season rollofts in the Southwestern Illinois Bowling Proprietors Association Classic league Saturday, beginning at 7 p.m.

Prize money totaling \$800 is to be determined by the rollofts, consisting of four winners among eight alleys with total pins determining the prize standings.

The first four finishers in the league's regular season, Falstaff, Beer, Cahokia Bowl, Fairmont Bowl and Shop City Bowl, will be firing for \$500 in prize money. The second four, Le-man's Bowlers Shop, Schlitz Beer, Ripley Bowling Pins and Busch Bavarian, will roll for a total of \$300.

Alton's Falstaffs, who won their fourth straight league title last week by sweeping three games from second-place Cahokia Bowl, finished the season with a 57½-38½ record, despite a sixth-place finish in average pins.

Cahokia Bowl needed a victory in only one game with the Falstaffs, but was not up to it. The St. Clair county entry finished one game back — 56½-39½ — with the league's best average of 975 pins per game.

Sixth-place Granite City Bowl, which only local league entry, had a 47-40 season mark, averaging 966 pins, and boasted the league's top average scorer in Max Legate, who knocked down pins at a 203-per-game clip all year.

The league's annual banquet will be held at 7 p.m. Saturday, May 5, at the Revere Room in Collinsville.

Deadline For Park Softball Entry May 1

The deadline for entry in any one of the three men's softball leagues to be sponsored this summer by the Granite City Park district is Tuesday, May 1. Park Recreation Director Harold Brown, who supervises the leagues, said today.

A meeting to set up schedules in the Church Slow Pitch, Independent and 35-Plus Slow Pitch leagues is scheduled Thursday, May 3, at 7:30 p.m. in the park district community center at 822 Niedringhaus avenue. Team entry fees also are due on that date, Brown said.

One additional team in needed round out entries in the Church Slow Pitch league. Brown said the Independent and 35-Plus loops can proceed with current entries, although three additional teams can be accommodated in the Independent league and two more in the 35-Plus league.

Information on entering any of the leagues may be obtained by telephoning Brown at the park district office, TR. 6-3039.

Park Board To Name Superintendent Tonight

A successor to retiring Supt. of Parks O. H. Williams is expected to be named tonight during the regular meeting of the Granite City park board at the board offices in Wilson Park.

Most likely successor to Williams, whose retirement is effective May 1, is Harold Brown, presently director of recreation for the district. The meeting will begin at 7 p.m. and is open to park district residents. Also on the agenda are the employment of summer recreation staff members and consideration of the summer recreation budget. The session was postponed last night to permit park commissioners to attend the civic achievement awards banquet.

Five Games Are Scheduled Sunday As Inter-City Leaguers Try Again

If the oldtimers are right when they predict rain for six consecutive Sundays about any time on Easter, the Southwestern Illinois Inter-City Baseball league is in trouble.

If they are wrong - and it is not only ballplayers who hope they are - the league will get a belated start with its 110-game schedule at five sites Sunday afternoon.

Exactly 109 of those games remain to be played between today and Sept. 16, a date which marks the opening of the post-season playoffs. Moose Club, by virtue of its 18-1 runaway victory over Roxana last week in the only game which was not washed out by rain, Red division rivals by half a game, Roxana is half a game off the "pace" in the Blue division - but nobody else there has played yet.

Heart-McAtee Dred Here Highlighting the local picture Sunday will be a 2:30 p.m. meeting at Wilson Park here between two of the oldest rivals in the league, Granite City's Sacred Heart, beginning its 26th season, will play host to McAtee Glass of East St. Louis, another gray beard when it comes to years of participation in the I-C league.

Mercer Funeral Home, which was anything but auspicious in the appearance of solidity at all positions - on paper - will travel to Moonlight diamond in Troy to engage the Redbirds, also at 2:30.

The Moose team will seek to stay on top in the rather spotty standings when it plays host to last year's cup playoff champions, the Pocahontas Braves, at Jones Park in East St. Louis, which was the league's hottest new Manager Jim Crouch trying to build what he calls an "all-local" team this summer, will be at home to Roxana, the league's only new team this year, and one whose debut last week was anything but auspicious. Carpenter and Maryville will round out Sunday's activity in Maryville.

The park film, entitled "The Granite City Park District in Action," is being viewed this week on the campuses of Eastern Illinois and Southern Illinois (Alton branch) universities.

IHSA District Tennis Eliminations Set For May 4-5 In Roxana

Granite City and Madison high school squads are among tennis teams from nine area schools which are entered in the Illinois High School Association district tennis eliminations scheduled May 4 and 5 in Roxana. Other entries will come from Edwardsville, Belleville, Bethalto, Collinsville, Mascoutah, Roxana and Wood River.

Singles and doubles winners at the district meet qualify for the state finals May 18-19 in Champaign.

GCHS In Matteson Meet On Saturday

Granite City high school track and field squad is one of 12 teams entered in the A division of the Matteson invitational track meet, which begins Friday at 8 a.m.

Other entries in the division are the host school, Decatur Stephen, Decatur MacArthur, Springfield Griffin, Springfield Feitshans, Danville, Lincoln, Rantoul, Taylorville, Shelbyville and Robinson.

Fifty-two trophies and 160 medals will be awarded in "A" and "B" divisions. The "B" division lists 13 entries.

MERCHANTS' LEAGUE MADISON LANS, TUESDAY

1st G. C. Sav & Loan 3, V.F.W. No. 8996 0; Venice Bridge 3, Pepsi Cola 0; G & S Grill 3, Madison I.G.A. 0; Schlitz 2, Ann & Eddie's 1; Jug's Hideaway 2, 7-Up 1.

Steve Basarich 212, Herb Lynn 202, Gene Briggs 219, Calvin Bosworth 206, Don Crabtree 204, Herman Wilson 213, Chas. Mills 202, Clayton Harrison 204, Garland Knight 220, Marion Cox 202, Frank Murovic 200, Dave Kaminiski 202.

Merced Funeral Home, which was anything but auspicious in the appearance of solidity at all positions - on paper - will travel to Moonlight diamond in Troy to engage the Redbirds, also at 2:30.

The Moose team will seek to stay on top in the rather spotty standings when it plays host to last year's cup playoff champions, the Pocahontas Braves, at Jones Park in East St. Louis, which was the league's hottest new Manager Jim Crouch trying to build what he calls an "all-local" team this summer, will be at home to Roxana, the league's only new team this year, and one whose debut last week was anything but auspicious. Carpenter and Maryville will round out Sunday's activity in Maryville.

Park District Film To Be Featured In Hour-Long TV Program On May 16

The Granite City park district's recently completed color film depicting recreational facilities available within the district will be featured on an hour-long television broadcast Wednesday, May 16, over educational television station KETC Channel 9, St. Louis.

The program, to be taped on May 9, will be titled "Granite City Reports," and can be viewed here in the 8:30-9:30 p.m. period. Prior to the showing of the movie, a 15-minute panel discussion on the recreational needs of the community will be moderated by a KETC staff member.

Panelists will be Mayor Leonard Davis, Park Board President Barry Loman and Granite City Supt. of Schools Dr. Harold Kaiser.

Go-Cart Track Planned Along Fehling Road

Construction of an asphalt track for amusement operation of "go-cart" motor vehicles by Jim Frey, local contractor, was taken under advisement by the Plan committee of the Granite City council Monday night.

Frey plans to locate the one-eighth mile track on the north side of Fehling road immediately west of the Town & Country Nursery. It is to be built on a 150x250-foot tract which is zoned C-2 commercial.

The contractor, who also will own and operate the track, said the eighth-mile course will be 20 feet wide for the operation of five go-carts at a time. He plans to buy 10 vehicles and to erect two buildings for ticket sales and a repair shop. The operation will be from noon to 10 p.m. daily.

At the suggestion of Mayor Davis, the request was referred to the Plan committee, with the members to confer with Frey and submit a report at the next council session.

Depot Awards Contracts To Five Local Firms

Contract awards totaling \$749 to five local firms were announced today at the Granite City Engineer Depot, with the contracts awarded for the packing and crating of household goods, installation of an intrusion alarm system, repair of sliding doors, connection of an air compressor and delivery of ice.

The went to Biltmore Moving & Storage Co., \$150; Rite Electric Co., \$121½; G. H. Sternberg & Co., \$134½; Tom Studebaker Construction Co., \$32, and Gilley & Ellis, \$520.

AFTERNOON OUT LEAGUE BOWLING, TUESDAY

Bombers 3, Town & Country Foods 0; Erman 3, The Eds 0; Freds Alum. Welding 2, Donaldson's Cafe 1; Drifters 2, Seabold's 1; Smith Cafe 2, Morlocks Inc. 1; Neighbors 2, Fencers 1; Virginia Bridges 195, Drifters 1676, 569.

YOUR LOCAL AUTHORIZED MERCURY OUTBOARD DEALER

Which of these fishing twins is the little brother?

The one on the left is the Merc 60, a 6 hp motor that only weighs 49½ lbs. It was the remarkable acceptance of this motor last year that gave us the idea that perhaps a little larger brother would appeal to the fishermen who wanted a roomier boat . . . or the extra power to take along another friend or two, or more gear.

The Merc 110 is so durable that a pair of them have run *full throttle* for over 702 hours at Lake X without any measurable wear, and are still in service.

You must see and try these motors to appreciate them. Tell your dealer to let you try one.

You will prove to yourself that Mercury gives you more RUN for your money!

The motor on the right weighs just 5½ lbs. more. But, it packs almost twice the horsepower! It's the Merc 110, rated at a conservative 9.8 hp. It is so light, in fact, that it weighs less than competitive engines of half the horsepower.

Like the Merc 60, it trolls like a 3, weighs like a 5½, but performs like a 12 hp outboard.

Council Oks School Signal; 19th Street Track Agreement

A contract award for a school traffic signal on Missouri avenue at West 23rd street and an agreement with mechanics for a loan to remove trolley tracks from 19th street were approved and four motor fuel tax resolutions seeking funds for repaving sections of Benton, Delmar, Edison avenue and Maryville road were placed on first reading Monday night by Granite City council members.

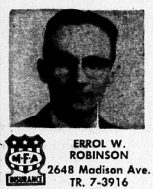

The street improvement resolutions, which upon approval locally are to be forwarded to the state highway department for allocation of funds, are not to be placed ahead of other MFT street project which already have been approved by the state. It was stressed by Alderman E. S. (111) Von Schmitt, chairman of the Street committee.

He added that he first knew of the proposed improvements when the resolutions were handed to him by City Clerk A. L. Stevens at the start of the council session.

The resolutions seek fund allocations for asphalt resurfacing the 2000 blocks of Benton street and Delmar avenue, each at an estimated cost of \$15,000, an asphalt surface for Edison avenue from 24th to 27th street at a cost of \$40,000 and for curbs and asphalt paving on Maryville road from Pontoon road, north to the city limits at a cost of \$40,000.

Two bids were received for the school traffic light installation on Missouri avenue at West 23rd street, and the low bid of \$1,000 was accepted.

Golden Age Circle Sees GC Park District Movie

Kirkpatrick Homes Golden Age Circle met Tuesday at the Recreation Hall for a pot luck luncheon at 12:30. Approximately 70 members and guests were present, the latter including Harold Brown, Wilson Park recreation director, Milton Allen of the park board, Harry Fechte, Edward Hooper of Springfield, supervising soci-

ologist of the Illinois Youth Commission, and Earl Huck, supervisor of District Seven, Illinois Youth Commission, East St. Louis office. A colored film of activities at the park was shown by Harry Fechte and Harold Brown and afterward there were games with a number of prizes awarded. The next regular meeting will be held May 8 at 2 p.m. and on Tuesday, May 1, an invitation has been issued to those interested to fold cancer dressings at 2 p.m. in the hall. Anyone having old sheets, pillow cases or other white material to be donated for this purpose may call the cancer dressing chairman, Mrs. Nettie Coons, or Ben Olive, for pickups. The telephone numbers are TR 7-5749 and TR 6-5215.

Officers Honored By Lodge 47

Ann Rutledge Rebekah Lodge 47 entertained officers of the district at a meeting Monday evening at the IOOF hall on Nansfield road. Mrs. Jennie Lee Barney, noble grand, was in charge and the special guests presented were Mrs. Glynn Hillard of Junonia Rebekah Lodge 477, this city, and Mrs. Jessie Hodson of Alton, district deputy presidents; Mrs. Gwin Meni, Collinsville, District 95 Association president; Mrs. Elizabeth Dashner, Dupo, vice-president; Mrs. Velma DeWitt, Waterloo, secretary; and Mrs. Alma Comstock, Alton, treasurer, all of whom received gifts from the lodge. Refreshments were served after the meeting.

MISS MARGARET ROSE SMITH, a daughter of Mr. and Mrs. Joseph Smith, 2813 Harding avenue, who are announcing her engagement to W. Paul Finch of Sauget, N.Y.

Finch-Smith Engagement

Mr. and Mrs. Joseph Smith, 2813 Harding avenue, are announcing the engagement and forthcoming marriage of their daughter, Miss Margaret Rose Smith, to W. Paul Finch of Sauget, N. Y. The wedding will take place in June. The bride-elect graduated from Jewish Hospital School of Nursing in St. Louis in 1960. Her fiancé received his Bachelor of Science degree from Newark Missionary College and a Master degree in teaching from New York State University in Oneonta, N. Y.

Paris Cafe Theme For Meeting Of Jr. Minerva Club

The Junior Minerva Club was entertained Tuesday evening in the home of Mrs. Billy Terrell, 2419 Waterman avenue. The program, "Artiste Parisienne Ball," planned by the hostess, was held in the rathskeller of the home. A Parisian restaurant was represented and the club members were dressed in appropriate costumes, the prizes going to Mrs. Keith Parker, Mrs. William Cravens and Mrs. William Burckey.

ENGAGED, Miss Eldora Parker, a daughter of Mrs. Frank Seres, 2043 Sken street, Madison, and the late Herman Parker, whose betrothal to Howard Miller, a son of Mrs. Lola Miller, 605 Kirkpatrick Homes, and the late Stephen Miller, is announced.

Mrs. Jo Crouch of the County Mental Health Clinic expressed the thanks of the Society for the refrigerator presented by the club.

Mrs. Clem Rebaugh announced committee chairmen for the annual mother-daughter banquet to be held May 17 at The Smorgasbord. They are Mrs. Kenneth Rapp, decorations; Mrs. James Harsh, favors; and Mrs. Stanley Hoffman, tables.

Others present to whom refreshments were served were Mesdames Earl Benoit, Louis Brusatti, Pat Buseh, Vasil Ef-

Central PTA Hears Talk On Testing, Ability

"Testing and Ability Grouping" was the topic of the program at a monthly meeting of Central junior high school PTA Tuesday evening. Albert Rowden, student counselor, discussed "Testing" and Eugene T. Froppes, industrial arts teacher, spoke on "Ability Grouping." A question and answer period followed. The meeting opened with prayer by B. J. Davis, principal, and the pledge of allegiance to the flag. Don Seitzer, PTA president, was in charge and final plans were made for a bake sale May 12, the time and place to be announced later. The group also planned to sponsor a Girl Scout troop and Mrs. Lucille Cabin, who was a delegate to the Illinois Congress of PTA in Springfield earlier in the month, gave her report. Refreshments were served after the meeting to approximately 30 members.

\$14,120 Bill List Includes \$6350 For City Engineer

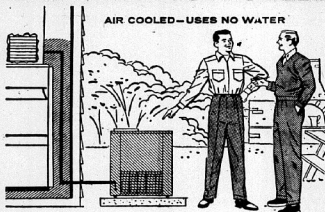

Nearly half of the \$14,120 bill approved Monday night by Granite City Council members were payments to City Engineer David J. Johnson, who received a total of \$6350, including \$4600 for planning a motor fuel tax project and \$1750 for surveys and supervision on the Terrace lane, Aubrey avenue and St. Clair avenue sewers.

In addition to \$14,120 bill list, the council also approved half-month salaries amounting to \$59,840, for a total of \$33,960. The \$4600 payment to Engineer Johnson was partial payment in preparation of final plans for the Nameoki road widening for the section between Washington avenue and North street. The \$1750 was for studies, reports and supervision of television inspections for the Terrace lane, Aubrey avenue and St. Clair avenue sewers at the rate

Committeemen Elect County Party Heads

Democratic and Republican committeemen elected their party chairmen Monday night in conventions held simultaneously in Madison county courthouse in Edwardsville.

Walter (Buck) Simmons of Venice was re-elected chairman of the Madison County Democratic Central committee.

Simmons won by a wide margin to retain his seat for a second term.

The vote was 24,827 for Simmons, 9469 for Jerry L. Lauer of Wood River, 2152 for World's Mayor William Jenkins, and 2156 for former county chairman John E. McConnell.

2118 Benton: Adam Zitt, Edwardsville; Doris Ross, 3300 Franklin; Richard West, 1202-710; Lucia Brunici, 1400 Madison; Madison; Alvina Thurau, 10 Country Lane; Gladine Eder, 2224 Nameoki rd.; David Hancock, 2413 Iowa; Antoinette Lynch, 2213 Pontoon rd.; Pamela Bladick, 39 Iowa; Madison; Stephanie Clark, 909 McCann; Madison; Marie Judy, 2019 Skeen, Madison; Grace Wincklemer, 2114 Washington; Phyllis Sarich, 2559 Waterman; Ruth Johnson, 173 Viola Jones, Madison; Cheryl Knowland, 2400 Grand; Emma Hildebrand, 2132 State; John Jackson Jr., 702 Madison, Madison.

Patients discharged Tuesday were:
Edward G. Asadorian, 2117 Grand; Mary Belt, 4029 Rode; Larry Branch, 713 Jackson, Venice; Sue Clatts, 1737 Delmar; David W. Copper, 5129 Lakeview; Margaret Clark, 2819 Edwards; William Hardi, Florissant, Mo.; Tony E. Hargis, Glen Carbon; Patricia R. Harvey, 2228a Grand; Sandra Hayes, 1317 Madison; Madison; Jennie Kalert, 3728 Nameoki rd.; William Kunes, St. Louis; Mary Lindsay, 2112 (r) Lee; Gloria Morris, 3727 Nameoki rd.; Carla Irene Murphy, 2409 Bryan; Linda Oram, 2004 Wilcox; John Simurds, 2552 Benton; Jocelyn L. Stickles, 2023 Rhodes; Madison; Rhonda Vizez, 2737 Willow; Roger W. Hayes, 1428 Norwood.

Simmons is employed in a supervisory capacity on the McKinley bridge which is owned by the city of Venice.

James F. Chapman, Madison county recorder of deeds, was re-elected secretary-treasurer by the Democrats. He has held the party post for the past 20 years.

Chapman, of Collinsville, was opposed by Harold Hillmer of Granite City.

Republican Convention
The Republicans elected Charles W. Barnett of Alton county chairman. He is a chemist at an oil refinery laboratory at Wood River. In the past he has held no party office higher than precinct committeeman, but has been a committeeman for 10 years.

The vote was 2831 for Barnett and 2381 for Marshall H. Smith, Wood River attorney.

Other GOP party posts went to Allison Gansmeyer of St. James, first vice-chairman; Allan O. Claus of Collinsville, second vice-chairman; E. B. Nelson of Granite City, third vice-chairman; Vernon T. Welch of East Alton, fourth vice-chairman; Edgar Hering of Wood River, secretary; Leroy Kutz of Venice, assistant secretary; Wilbur H. Gehring of Edwardsville, treasurer; and Arthur Habekost of Granite City, assistant treasurer.

"Seems like we run into more and more stores with NITE-LITE"

Making a dishonest dollar is getting harder every night with more and more NITE-LITE on the job. NITE-LITE offers automatic protection for your premises. A photo-electric cell automatically turns NITE-LITE on at dusk, off at dawn, providing illumination only when it's needed.

A flat monthly charge pays for the installation, all service required and for all electricity used—real low-cost night-time protection for your business. Call your Illinois Power office now, and ask about NITE-LITE service. You'll be glad you did!

ILLINOIS POWER COMPANY

Barnes Murder Still Unsolved After Six Months

Today marks the six-month anniversary of the slaying of a 34-year-old railroad telegrapher on a county road about a half-mile east of the busy 20th street and Edwardsville road intersection.

County authorities are continuing the investigation into the close-range brutal shooting of Billy G. Barnes of Washington Park, who was found slumped in his automobile, shot seven times with a .22 caliber weapon. His body was found about 4:30 p.m. on Oct. 26.

State's Attorney Dick H. Mudge told the Press-Record this week that his office and the sheriff are continuing the search for witnesses and are being aided by railroad authorities.

Grand Jury In May

Mudge expressed hope the case could go to the May term circuit court grand jury which convenes in Edwardsville late next month.

Two suspects have been questioned extensively by county authorities, aided by state police force detectives, but no charges have been filed. Mudge said no conclusive report was obtainable from ballistics tests run on six .22 caliber weapons.

Mudge said that while both suspects were seen in the vicinity of the murder scene on the Thursday afternoon of Oct. 26, and were acquaintances of the murdered man, no witness to the shooting has been located.

"The search is continuing," he added.

Barnes' widow, Louise, has taken over her husband's part-time job at an East St. Louis bus depot to support their four small children.

Accident Before Murder

Barnes was enroute to work at a railroad tower, located at the rear of the blast furnace department of Granite City Steel Co. While driving along the county road a short distance east of Edwardsville road, he was involved in a minor accident with a slag truck.

Granite City police were called to the scene, but since the accident was outside the city limits, it was reported to county authorities.

It is believed Barnes then drove off for a quarter-mile and stopped to look over the accident scene. There the murderer found him seated in his car and fired the seven shots. The accident form was found under Barnes' body on the front seat of the 1935 model car.

Authorities are of the opinion the murderer drove alongside Barnes to fire the shots at close range.

The victim was shot three times in the left side, once in the left elbow and the time in the back, an autopsy showed.

The theory is that Barnes knew the murderer, explaining the close range firing, and was trying to crawl out of the car while the shots were being fired.

School District Completes Current Year's Contracts

As one of the last items of business before the Granite City school board reconvened for the coming year Tuesday night, the board approved an agreement for both 1961-62 and 1962-63 with Hod Carriers, Building and Common Laborers Local 397.

The action completed a series of contract negotiations which began last spring.

All of the two-year agreements signed are retroactive to July 1, 1961. Those approved previously included the custodial staff in workers, painters, chauffeurs and carpenters.

The laborers' pact approved just before the board canvassed the 1962 school election results conformed to an offer made by the school district and had been signed by the local's business agent, Supt. Harold M. Kaiser said in a report to the board.

\$5135 Pay This Year

Similar to the other two-year contracts, it includes hourly wage boosts of seven cents this year and another five cents next year.

Basic pay rate for laborers is listed as \$5435 for 1961-62, a \$5515 annual rate for July 1, 1962 through May 1963 and a \$5699 annual rate for July 1963.

Extra or casual laborers will be paid \$3.60 an hour this year and \$3.70 an hour in 1962-63.

Teachers Next

Only contract ending this summer is that of Teachers' Local 743, which is scheduled to present its next request to the board May 8.

Forty-seven bids on custodial supplies were opened during the board meeting and referred to the administrative staff for recommendations at the May 8 meeting.

Bills approved totaled \$13,859 for the educational fund and \$5279 for the building fund.

Other than business related to the election and reorganization, Tuesday's session was brief. Dr. Kaiser reported that it is planned to remove dying trees from the McKinley grade school grounds, and said the Noonday Optimist club will sponsor attendance by Junior high school students at a Southern Illinois University regional industrial arts fair May 5.

ALUMINUM AWNINGS — GRANITE CITY GLASS — TR. 7-8400

Amsted Income Doubles, Quarterly Report Shows

Amsted Industries net income in the quarter ended March 31 was more than double earnings in the same period a year ago, while sales rose about 30%.

It was announced at Chicago Tuesday, when the board of directors declared a 40-cent per share dividend payable June 15 to stockholders of record on May 22.

The firm operates the local American Steel Foundries plant which in recent months has been working five-day week schedules. Earnings and sales for the six months ended March 31, also increased sharply from the year ago levels.

Joseph B. Lanterman, Amsted Industries president, said net income for the March quarter was \$1,919,880, or 86 cents a share, up from \$853,967, or 30 cents a share, a year earlier, and \$1,008,570, or 36 cents a share, in the quarter ended December 31, 1961. Sales amounted to \$31,107,325, compared with \$23,867,440 in the March quarter a year ago.

Net income in the six months ended March 31 was \$2,928,456, or \$1.04 a share, 21% above earnings of \$2,422,660, or 84 cents a share, in the corresponding months last year. Sales totaled \$56,117,776, a 7% increase over the six months volume of \$52,643,141 a year ago.

State Capital NEWS

Gov. Otto Kerner last week named Dr. O. N. Hunter, of Alton, to represent Illinois and to participate in a one-day conference on youth fitness in Washington, D. C. on April 24.

The conference, called by President Kennedy is for the purpose of improving physical fitness of boys and girls of all states through a program carried out by dedicated educators throughout the nation.

The conference is aimed primarily at speeding implementation of vigorous programs for physical fitness in all schools and developing year-round recreation programs in all communities for children.

Hunter is supervisor of health, physical education and safety and driver education in the office of George T. Wilkins, Illinois superintendent of public instruction.

New regulations governing the production and labeling of fruit juices and fruit drink solids in Illinois are now in effect, Bradley said.

Some 50 companies that produce fruit drinks and carbonated beverages were consulted in the development of the new standards. The newly established regulations were necessary because of gross mislabeling and product misrepresentations that are not in the public interest, said Ray Bowermaster, superintendent of the department's Division of Foods and Dairies.

Tip: In a word to retail nursery stock outlets, H. P. Seifert, the division's chief horticultural specialist, said that care should be taken to store plants where temperature is low and humidity high. He explained that root wrapped rose bushes usually show vascular canes which aid in slowing dehydration, but is no guarantee against it.

A new 100-bed facility for totally dependent mentally retarded persons was opened last week at Lincoln State School.

Non-ambulant patients will be limited from among those on current waiting lists at Lincoln and Dixon State Schools.

Fifty patients will be accepted from each list, with priority being given to the most critical, or handicapped, cases, said Dr. Francis J. Gerty, director of the Illinois Department of Mental Health. Many have been on the lists since March of 1954.

Evangelism Instructor To Talk At 1st Assembly

Rev. James Brown will speak at the First Assembly of God, 24th street and Grand avenue, during 7:30 p.m. services tomorrow, Saturday and Sunday, Rev. Paul Evans, pastor, has announced.

Rev. Brown is instructor of evangelism at Central Bible Institute, Springfield, Mo. A four-year college with graduate division, Central Bible Institute has as its primary purpose the training of ministers, missionaries, directors of religious education and sacred music, and other Christian workers.

During the past ten years, Rev. Brown has traveled in evangelistic work throughout 48 states, Europe, Asia and the South Sea Islands of American Samoa and Fiji. He has spoken at the National Evangelical Convention of the Assemblies of God, General Council of the Assemblies of God, of the Board of Associates of the Central Bible Institute, Assemblies of God in Great Britain and Ireland.

He also served one year as chairman of the advisory board in Bible studies of the National Department of the Messengers, a male trio.

Venice Clean-up, Fix-up Campaign Becomes City-Wide Effort

PATIENCE AND CARE are needed for projects such as repairing a broken bird bath. Working at the task is Floyd Chappell, resident caretaker at the Odd Fellows' Hall, 123 Granville street.

City Employees, Residents Join Month Long Drive

Last month, at the request of students at Blair school, Mayor John E. Lee and the city council set aside the entire month of April as a special clean-up, paint-up and fix-up period in Venice.

Workers in the street department have been busy cleaning streets and alleys, park district workers are adding to the project by planting shrubs and trees and cleaning the park area, and Venice citizens have joined the campaign.

Much work remains to be done, however, and Street Superintendent Fred Griffin complained at a recent council meeting that much of his department's work would be useless unless the city residents do their part in keeping the streets and alleys clean.

The contrast is evident, and scenes such as those depicted here are common throughout Venice this month.

PARK DISTRICT EMPLOYEES Robert Minks, foreground, and Willie Best plant shrubs along a path in Lee Park.

STREET DEPARTMENT CREW, using a city truck, help in the clean-up campaign by removing dirt at a home improvement project on Broadway.

SMALL POWER ROLLER is used by construction company worker to smooth newly-applied surfacing material on the tennis courts in Lee Park.

THE YOUNGER GENERATION takes an active part, as Earl William Hogan, 15, and his sister, Anna, four, work on a new fence in front of their home at 221 Kerr street.

CONTRAST ON SECOND STREET, where one resident has cleaned up trash and placed it on the curb for pick-up (top), and another has dumped debris on the ground, ignoring the trash container nearby.

Top Units Set For Local K. Of. C. Parade May 6

Billed as a "Protest to Communism" and a "Prayer For Peace," the annual May Day parade of the Madison county chapter of the Knights of Columbus here May 6 will include some of the top parade units of the Madison-Ilinois area, according to Joseph DeFuntz, parade chairman.

He said the parade and religious ceremony will equal or surpass the 50th Anniversary display of the Tri-Cities K. of C. Council 1098 six years ago, when nearly 120 motorized and marching units participated. Catholic schools and churches from throughout the Quad-Cities and other parts of the county will take part, along with various civic, fraternal and veterans organizations. The Civil Defense and the Red Cross.

NEW CLUB ORGANIZED
A planning committee met in the Kirkpatrick Homes recreation hall Tuesday night to set up a temporary organization for a newly-formed club for social activities, named the Quarter and Half Club. Membership is open to anyone in the 25-55 age group.

Flats to be entered through the K. of C. Council are being designed by art students of Granite City high school. DeRuntz said, and will include replicas of two of the ships, the Santa Maria and Pinta, which brought Columbus to the New World. Deadline for entry of the floats is Saturday, but DeRuntz said later entries may form at the end of the parade line.

Motorized units of the parade will start at 1 p.m. at Lee Park, Venice, and proceed along Broadway and Madison avenue to Thirtieth street. Marching units will form at Wilson Park, where they will join the other units and proceed back along Madison avenue to Niedringhaus avenue and past a reviewing stand at city hall.

Principal speaker at a religious ceremony to follow at St. Joseph's Church will be the Rt. Rev. Mgr. F. W. Kluener, pastor of St. James Church in DeCatur and former chaplain of the Tri-Cities K. of C. Council, when he was pastor at St. Mark's Church in Venice. The service will include recitation of the Rosary and Benediction of the Blessed Sacrament, to be sung by religious brothers of the Franciscan Order from Topeka, Ill.

The Rev. J. P. Jordan is host pastor.

Farm Column

By TRUMAN W. MAY
Madison County Farm Adviser

Each year some farmers ask for a prescription for growing 150 to 200 bushels of corn to the acre regardless of cost. Here are some suggestions:

Select a field that has a deep, well-drained soil with a high moisture-holding capacity. Resolve to do everything exactly on time in this field even if it means neglecting some other field. The corn in this field must be pampered.

Select a hybrid that will stand up to insects. You will probably need 18,000 to 20,000 plants per acre for 150 bushels and 22,000 to 24,000 for 200 bushels. These high populations place a strain on the plants that most hybrids can't take. Even if you use the best hybrid for thick planting, be prepared to have a lot of down corn at harvest.

Many barren stalks, and a serious loss in yield if drought strikes. Planting to get 18,000 to 20,000 plants per acre will require 10 to 12 bushels of seed. You will need to plant about 10% to 25% more kernels than the number of plants you want at harvest time.

Forget about fertilizer. Just make sure the plants all ways have plenty of nutrients. Plow down 150 to 200 pounds of actual nitrogen. Broadcast and plow under phosphorus and potassium as indicated by soil tests. At planting time, apply 20 to 30 pounds of nitrogen, 40 to 60 pounds of P2O5, and 20 to 30 pounds of K2O through a planter equipped to place the fertilizer 1 1/2 to 2 inches to the side and below the seed. Sidress 50 to 100 pounds of nitrogen at the last cultivation, but don't cut in deep or close to the row or you will prune the roots.

Don't overwork the seedbed. Research data show that you can get top yields with reduced tillage provided you have a good stand. Aim for the least seedbed preparation that will assure the stand you want. An overworked seedbed may crust and cause rainfall to run off in midseason when your corn urgently needs it.

Treat the seed with an insecticide and fungicide to control insects and ensure a full

stand of vigorous young seedlings. Spray or dust to control corn borers.

Control weeds completely. You may do it by using a general pre-emergence spray or a band over the row or by timely rotary hoeing and cultivating. If you get complete weed control by spraying with a crust developer, you will have to cultivate slowly to break the crust so that rain can penetrate.

Harvest carefully to save all of the crop. You may have to pick one or two weeks early to avoid shelling and to avoid lodging of the closely crowded plants. Early harvest will be absolutely necessary if stalk rot affects the first crop.

You will now have done everything possible to grow a terrific yield. Now order at least an inch of gentle rain each week.

Finally, prepare yourself to lose 100 bushels per acre. When you shoot for 150 to 200 bushels by these techniques, you are gambling. Gamblers don't always win.

Fertilizing your garden will help you produce better vegetables.

If your garden is in the same area year after year and has received fertilizer using 5-10-10 at the rate of 25 pounds per 1000 square feet should produce good crops. For handy home measuring, that's about a heaping one-pound coffee can of fertilizer per square foot.

This amount provides enough nitrogen, phosphorus and potash without being toxic to garden plants. Most gardeners wonder about trace elements. Don't. Our soils have adequate supplies of trace elements. Use soluble fertilizers. These are water-soluble and give trace elements would benefit your garden crops.

When should you apply fertilizer? It's best to apply it before you plow or spade so that you can work it 4 to 6 inches deep. If you use soluble fertilizer, use only a coffee can of fertilizer per 1000 square feet. If you use a slow-release fertilizer with a 10-52-17, 10-50-10 or similar analysis at the rate of water, a cup of this solution to each plant tends to establish roots, settles the soil around the plant and stimulates root growth.

Planting stock a real boost. A high-phosphorus fertilizer is important here. Use a soluble fertilizer with a 10-52-17, 10-50-10 or similar analysis at the rate of water, a cup of this solution to each plant tends to establish roots, settles the soil around the plant and stimulates root growth.

The sixth annual Land of Lincoln Poultry-Breeder's Association Fitting and Showing School will be held April 28 in the Coliseum at the Illinois State Fair Grounds.

The program starts at 9:30 a.m. All interested 4-H and FFA members are invited to attend. Demonstrations on showing and fitting ponies, sheep, swine and beef and dairy cattle will be held during the morning session. In the afternoon, 4-H and FFA members will have a chance to judge two classes of each livestock species.

University of Illinois livestock and dairy extension specialists will be on hand to give professional reasons for judging selections.

George Daigh of U. of I. 4-H staff says all 4-H and FFA members who attend the one-day school should bring sack lunches and note paper. Last year more than 1000 people attended the event.

Farmers report their spring work is now about three weeks later than usual because of the frequent rains that have kept fields too wet to work. Practically no spring plowing has been done. Sweet corn and horse-radish growers in the southwestern part of the county normally have some planting done by now. Conditions can improve rapidly, of course, with drier weather and the situation is not yet serious. A lot can be done in a few days with modern machinery.

Lewis Hunt of Brighton, dis-

Peddlers In GC To Be Photographed And Fingerprinted

An ordinance regulating peddlers and door-to-door salesmen, designed to protect Granite City, Ill., was adopted Monday night by the city council. The ordinance, which was recommended by the police department and the Tri-Cities Chamber of Commerce, amends the city code, which requires peddlers, both residents and non-residents, to make application for a license and submit to a business and moral character check by the police department. The applicants also are to be photographed and fingerprinted, and on the application form must list in addition to name, address, a description of the nature of their business and the items to be sold.

They also are to submit a statement pertaining to any conviction for crime, misdemeanor or violation of a municipal law and give a description of any vehicle to be used.

The new control law was placed on first reading at this month at which time the problem of enforcement was discussed, and the ordinance covering the sale of candy and cookies by organizations such as the boy and girl scouts and newspaper carriers. At that time, City Atty. William Beatty pointed out that no law could exclude certain groups or individuals, but that the matter of enforcement would be handled by exercise of authority and time permitted the police department for the future.

Under the amendment, the individual must make application for peddling, either from house-to-house or from a vehicle. It also includes any person or firm that might hire or lease a building, hotel room, tent or shop for the purpose of exhibiting samples and making orders for future delivery.

The license fee, unchanged from the previous ordinance, remains at \$25 a year, and added was a \$10 license fee for each additional day-to-day operation.

Alderman Donald Partney pointed out the new law would protect citizens from being hoodwinked by "fly-by-night" peddlers, and the new program of licensing would give the city

strict supervision of the Federal Crop Insurance program for a number of counties in this area, stopped at the office last week to explain the new government all-risk policy. Several new features make it more attractive. Farmers interested should get more information how it applies to their farms. Headquarters for this area is at Belleville.

Points To Check On Summer Camps

A thorough investigation of facilities and activities of a camp for youngsters before sending a youth there for the summer for the first time is being recommended by Dr. Julius M. Kowalski of Princeton, Ill., chairman of the Public Safety Committee of the Illinois State Medical Society.

Dr. Kowalski, writing in the current Illinois Medical Journal, urged that information be obtained on the camp's personnel and its competence, the types and extent of activities, how a recalcitrant or bashful child is handled, rest periods and counseling.

"The physical plant of the camp needs investigation, since this is home away from home, at least for a while," he wrote. "Water supply and sanitary facilities all too often are assumed by parents to be adequate and proper for youngsters, when in reality they are not. These and bathing facilities should meet state or local health standards, and posting of certificates to this effect in conspicuous places on the premises is often required."

"Inquiries should be made concerning the mess hall, food storage, refrigeration, food preparation, etc."

"Some camps offer accident insurance to their campers similar to school accident contracts. More often than not, parents are totally responsible for any medical or dental care their child may need or any liability arising from his acts."

"To avoid misunderstanding, answers to all of these questions, any many more, should be sought before a contract is signed."

Dr. Kowalski said that, in the home, a child experiencing the activities of a summer camp for the first time will emerge "a re-integrated, vibrant personality."

Insurance Coverage. "We are indeed grateful for every expression of sympathy and kindness shown by friends, relatives and neighbors during the illness and death of our beloved husband, father and grandfather, WILLIAM S. HIGHFIELD. Special thanks to Rev. Sadler, Dr. Chaffin, Lahey's pallbearers and singers, Mrs. Dunn and Mrs. DeKard. MRS. WILLIAM HIGHFIELD. 32-4-26

In loving memory of our dear mother EDWINA BERNAIN who passed away April 28, 1961. Sadly missed by HER CHILDREN. 33-4-26
